Shelf 82 Dundalk Eagle July 15, 1979

Top two items were on my inventory list before we packed up and moved out June 2004 - cant find them now. The Dundalk Eagle probably got tossed with all the packing paper. Dont know what happened to the medal.

Unlocated items that I found listed on donations listings

On a list of donations --

1937 - 8 x 12 - 50th reunion - Class of 1937

I found this on a list of donations but it was never on any of my inventory listings. No idea when or what happened to it.

Class ring of Robert A. Warder, Jr. Class 1943 (Deceased) Died in an automobile accident in Dundalk in 1946

(I found a piece of paper with information on it but I never found the ring - On 3/15/04 I checked with Debbie Long and she said she never returned anything to anyone and she doesnt remember seeing it. I checked with the office and also Elaine Kimos, Librarian, since all the gold items had to be put in a safe when they cleaned for mold just before I took over as curator. No one seems to know anything about this ring.
