

PMPOA Gate Committee Update

Date: 09/9/2023

1. The YELP and Camera systems underwent routine checks and are performing as expected.
2. Vendor & Realtor codes were reviewed. Several codes were flagged for removal/follow with owners for refreshing.
3. Gate clickers are available for those interested.
4. Two members of the committee met with AT&T to discuss the future of our hardline telephone connection. AT&T intends to phase out such surface in the coming years. As such, once our contract runs out in the Spring, our contract will not be renewed, and we can expect frequent cost increases. A cellular option was discussed with AT&T with pricing options ranging from \$47.99-\$89.99/month. The committee will follow up with our gate supplier to see if there are any concerns with the proposed AT&T solution.

Review of Gate Statistics:

Below is the gate access activity for 9/8/22 to 9/8/23:

Total 8,918

Clickers 5,860

Entry Code 2,759

Directory 152

Modem-Modem 147

Note: Of the 152 directory attempts, 51% were successful.
