Hi Patricia!

We're all about some cool summer vibes and fun new fabrics!

Here's what's new in store - we can't wait to quilt with these new funky GROOVE fabrics...

Groove by Emily Van Hoff

*"This collection is the delightful fusion of my work as a quilt artist who exclusively uses solids, and my background as a graphic designer passionate about pattern design. **It brings to life a vibrant world of patterns that this solids-loving enthusiast is thrilled to sew with!***

*The extra-large scale of each print gives the impression of a quilt pieced from solids, while the curvy, interwoven designs bring unexpected movement and complexity. They work beautifully as whole cloth quilts, and when cut to smaller sizes, they reveal a variety of perfect, curvy, color blocked pieces. Each design is built from continuous lines, intertwining and unraveling in their own ways. They make the perfect guides for a meditative hand stitching project. **Get in the groove and stitch your hearts out! Mix and match the borders, bindings, groovy colors, and bold graphic prints for an endless array of fresh combinations.**" ~ Emily Van Hoof, designer - Hawthorne Supply Co.*
