## WHAT YOU'LL LEARN

By the end of the course, learners will have developed the knowledge and practical skills required to operate a Rough Terrain Telescopic Lift Truck safely and competently.

- ✓ Operator safety & observation
- ✓ Pre-use checks & manufacturer's instructions
- ✓ Controls & hydraulic functions
- ✓ Load weight, load centres & rated capacity
- ✓ Safe travelling & manoeuvring
- ✓ Correct fork positioning & load handling
- ✓ Stacking & de-stacking
- ✓ Boom extension & machine levelling
- ✓ Safe use of stabilisers, where applicable
- ✓ Operating safely on rough terrain, slopes & inclines
- ✓ Safe route selection & crossing obstacles
- ✓ Correct parking & shutdown procedures

## WHO IS THIS COURSE FOR?

Rough Terrain Telescopic Handler training is suitable for:

- ✓ Novice operators requiring full training
- ✓ Experienced operators requiring formal training and assessment
- ✓ Existing operators requiring refresher training

Course duration will depend on previous experience and training requirements.

## ASSESSMENT & CERTIFICATION

### Assessment
Learners complete both theory and practical assessments to demonstrate their knowledge and operating competence.

### Certification
Successful learners will receive an accredited ITSSAR, LANTRA or In-House certification.

### Refresher Training
Refresher training is recommended every 5 years to help maintain safe operating skills and competence.

## PREPARING FOR YOUR COURSE

Please come prepared to take part in practical activities.

### Safety Footwear
must be worn for the practical elements.

### Photo ID
Please bring photo ID with you for registration

### Suitable Clothing
Wear comfortable, clothing suitable for operating machinery

### Medication
Bring any personal medication you may need during the day.

### Lunch
Please bring a packed lunch.

## IIMPORTANT!

Steel toe-capped safety footwear must be worn for the practical elements of the course. If you arrive without suitable safety footwear, you may be unable to take part in the practical training.
