7Y TRAINING
TRAINING THAT BUILDS CONFIDENCE
Keep Stepping Up.

Granular Applicators

Set up correctly. Calibrate accurately. Apply safely.

This one-day course provides learners with the knowledge and practical skills required to prepare, set up and use granular pesticide applicators safely and effectively. Learners develop skills in calibration, accurate application, decontamination, storage and record keeping.

DURATION
1 Day Training

DELIVERY
Leominster or suitable locations across the UK

SUITABLE FOR
Agriculture • Horticulture • Forestry

COURSE TYPE
Lantra Training Course

About This Course

This course is designed for people who use, or are preparing to use, vehicle-mounted or trailed granular applicators as part of their work.

Through a mix of theory and practical training, learners develop skills in preparing and setting up equipment, calibration, selecting the correct applicator, safe and accurate operation, and completing decontamination, storage and recording procedures.

Why Choose 7Y Training?

✓ Experienced, qualified instructors

✓ Practical, engaging training

✓ Accredited qualifications

✓ Training available across the UK

✓ Friendly, personal service

Prerequisite: Learners should have completed the Safe Use of Pesticides course before attending. Learners must also be able to proficiently operate and drive the appropriate vehicle.
