7Y TRAINING
TRAINING THAT BUILDS CONFIDENCE
Keep Stepping Up.

180° Excavator

WHAT YOU'LL LEARN

By the end of the course, learners will have developed the knowledge and practical skills required to operate a 180° Excavator safely and competently.

✓ Operator safety & site awareness
✓ Machine components & controls
✓ Manufacturer's instructions
✓ Pre-use & operational checks
✓ Safe travelling & manoeuvring
✓ Working safely on different terrain
✓ Excavating & digging techniques
✓ Positioning & placing materials
✓ Backfilling & levelling
✓ Safe working parameters
✓ Correct shutdown & securing procedures

WHO IS THIS COURSE FOR?

180° Excavator training is suitable for:

✓ Novice operators requiring full training

✓ Experienced operators requiring formal training and assessment

✓ Existing operators requiring refresher training

Course duration will depend on previous experience and training requirements.

ASSESSMENT & CERTIFICATION

Assessment
Learners complete theory and practical assessments to demonstrate their knowledge and operating competence.

Certification
Successful learners will receive a certificate of competence and Lantra Skills ID card for their chosen certificate option.

Refresher Training
Refresher training is recommended to help maintain safe operating skills and competence.

PREPARING FOR YOUR COURSE

Please come prepared to take part in practical activities.

Safety Footwear
must be worn for the practical elements.
