7Y TRAINING
TRAINING THAT BUILDS CONFIDENCE
Keep Stepping Up.

Pesticide Plugs

Targeted application. Practical skills. Safe operation.

This half-day course provides learners with the knowledge and practical skills required to prepare and use pesticide plugs safely and effectively. Learners develop an understanding of correct application, environmental protection and the safe decontamination and storage of equipment.

DURATION
Half Day Training

DELIVERY
Leominster or suitable locations across the UK

SUITABLE FOR
Agriculture • Horticulture • Forestry

COURSE TYPE
Lantra Training Course

About This Course

This course is designed for people who use, or are preparing to use, pesticide plugs as a method of pesticide application.

Through a mix of theory and practical training, learners develop skills in preparing equipment, selecting the correct number of pesticide plugs, carrying out pre-use checks, inserting plugs safely and efficiently, and completing decontamination and storage procedures.

Why Choose 7Y Training?

✓ Experienced, qualified instructors

✓ Practical, engaging training

✓ Accredited qualifications

✓ Training available across the UK

✓ Friendly, personal service

Prerequisite: Learners should have completed the Safe Use of Pesticides course before attending.
