### **Description:**

This Qualification is designed for learners who wish to develop their knowledge and skills in Forklift Truck operations in the warehousing and distribution sector and will enable them to work safely, effectively and efficiently in the workplace. The qualification will suit a few different needs including; those who use or will be using a forklift truck in warehousing, those looking to progress into work, and it will also suit those currently in employment looking to enhance/update their skills. This Qualification is intended to offer learners involved in forklift truck operations the opportunity to achieve a recognised national qualification that reflects the national standards for the type(s) of role(s) they perform. It is relevant for persons involved with all aspects of forklift truck operations in the warehousing and distribution.

### **The Qualification aims to:**

- Assess the learner's knowledge and understanding across a range of forklift truck activities
- Assess the learner's ability to effectively operate a forklift truck in a warehousing environment
- Assess the learner's ability to review and develop their own practices and carry out a range of tasks to the required industry standard
- Improve awareness of health and safety legislation and how individuals can contribute to the Health and Safety Executive's (HSE) agenda.

### **Product objectives:**

- Prepare the forklift truck for driving or manoeuvring
- Operate, move or manoeuvre the forklift truck
- Select, transfer and position loads using a forklift truck
- Undertake post operational checks on forklift trucks
- Load the container, vehicle, vessel or craft using a forklift truck
- Unload the container, vehicle, vessel or craft using a forklift truck
