Safe Use of Aluminium Phosphide for Vertebrate Pest Control

Understand the risks. Prevent exposure. Work safely.

This one-day course provides learners with the knowledge required to use aluminium phosphide safely in a commercial environment. Learners develop an understanding of legislation, exposure prevention, application equipment, environmental protection, storage, transportation and safe handling.

DURATION
1 Day Training

DELIVERY
Leominster or suitable locations across the UK

SUITABLE FOR
Pest Control • Farmers • Gamekeepers • Greenkeepers

COURSE TYPE
Lantra Training Course
10 BASIS CPD Points

About This Course

This course is designed for people who use, or are preparing to use, aluminium phosphide for vertebrate pest control in a commercial environment.

Learners develop knowledge of safe working practices, preventing exposure, identifying target animals, interpreting product labels, applying treatments safely and effectively, and maintaining appropriate records.

Successful completion of the training provides a certificate of attendance and can prepare learners to undertake the Lantra Level 2 Award (licence to practise).

Why Choose 7Y Training?

✓ Experienced, qualified instructors

✓ Practical, engaging training

✓ Accredited qualifications

✓ Training available across the UK
