

# ***Art Masterpiece Volunteers\* Needed***

Looking for a way to be creatively involved in your student's classroom -- one that is fun and rewarding for you and the students? The Art Masterpiece Program is it! This program is described as an "adventure in seeing" that opens the world of art to young students by exposing them to art masters from Claude Monet to Andy Goldsworthy.

## ***What is Art Masterpiece?***

Art Masterpiece is a nationally-recognized art enrichment program that uses reproductions of fine works of art to promote art literacy in school-age children. Dependent upon volunteer "Art Guides," the program supplements the presentation of visual arts in the classroom. Lessons emphasize observation and discussion. Creatively supports curriculum in science, math, social studies and language arts.

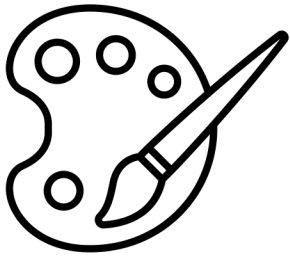

## ***How does the program works?***

A one-hour lesson consists of critical viewing and visual evaluation of the art piece, background of the artist, and a hands-on activity. The purpose is not to teach specific art techniques, but rather to increase the child's awareness of art and enhancing visual literacy. The elements of art (texture, color, line, shape) and principles of design are introduced, in fun ways that children can easily grasp.

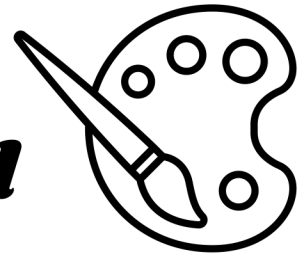

No art background, experience or expertise is necessary, only a sincere desire to share a learning experience with young people through a mutual enjoyment and appreciation of art.

\*All volunteers must be approved by the Tempe Elementary District.

# ***Art Masterpiece Volunteers\* Needed***

## **TLDR:**

- Art enrichment program for all students
- Opportunities to be active in your student's classroom
- Must attend training and sign up to volunteer
  - You can volunteer in your own student's classroom if you are waiting on Tempe District volunteer approval.

## **Training:**

Monday, Aug. 21

6-7:30pm

Broadmor Library

## **Sign up to**

**Volunteer:**

Quarter 1 & 2

## **For more information contact:**
