

I'm not about to put any words in anyone's mouth but I listened intently to each *guest speaker* and summarized here what each had to say:

**Lisa Stickan** - RPCC ([lstickan@cuyahogacountygop.com](mailto:lstickan@cuyahogacountygop.com)), We need an army of Patriots if we truly want to change the Republican Party. We not only need good candidates we can support, but there are literally thousands of positions WE ALL need to fill. Poll workers for the BOE, poll watchers - those who make certain poll workers (from both parties) are doing their jobs, following strict procedures in administering ballots AND tabulating. This was so lacking in Ohio and around the country and enabled the Left to “get away with election fraud” and flip the vote away from Trump (and other republicans) in 2020.

**Mark Pukita** - Ohio US Senate 2022 Republican Candidate ([pukitaforsenate2022.com](http://pukitaforsenate2022.com)), went on to offer many more openings to fill. Things each and every one of us are quite capable of doing. Jobs like manning phone banks. As Mark explained, using their software to call from the comfort of your home, while masking your number (so nobody even knows you're calling from your phone). We need people going door-to-door explaining critical issues and not only getting people registered to vote, but explain the importance of getting them to vote in PRIMARY elections. This is the only way to get our favored candidates ON the ballot, so voters can even vote for them. Our candidates can't be elected if they aren't on the ballot to begin with! Most people aren't even aware HOW the election process works. WE need to educate these people so they can be part of the process. Elections are NOT for mere spectators! If you want change, then YOU need to make that change happen. It can't be left up to “somebody else” - it's YOUR job.

**Nick Tsengas** - Admin of Tore's, “The New Ohio” movement (on Telegram) explored the benefits of using the social media platform Telegram, explaining where to get the software, (<https://telegram.org/>) and how to become invited to those groups by sending an email to him at [sagnest50@gmail.com](mailto:sagnest50@gmail.com) with a simple explanation as to “why you should be invited”!

**Larry Seally** – Candidate Akron School Boards, Spoke about failures of our Education System and what needs to be done for the benefit of our children
