

20 SMART GOALS TO SAVE FOR A SMALL FAMILY VACATION

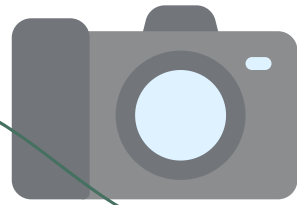

1. I will create a separate savings account just for a vacation.

2. I will figure out exactly where I want to go so I can use that as motivation to save.

4. I will create a monthly budget within 1 month to start looking at my daily spending habits.

3. I will use my tax refund this year to book a trip.

5. I will contact AAA Travel. I might be able to book a trip with a down payment and pay off the rest of the trip in payments.

6. I will book the trip as far in advance as possible in case I need to make payments.

7. For holidays, I will ask friends and family for gift cards to grocery stores. I will use those to buy groceries so the money you save out of pocket can go toward trip budget.

8. I will have at least 2 yard sales or sell items online that you do not need to generate money for the trip.

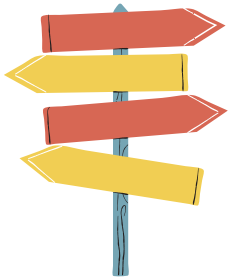

9. I will not go on small side trips while you are saving for a big trip. That money that is used for an amusement park visit can be saved for the family vacation.

10. Food is a huge household expense. I will save money on food by going out a lot less and using coupons to save that money toward a trip.

11. Use money generated from a side business only for vacations.

12. I will use Amazon credit card to earn points. I will use the points to make purchases so the money saved can go toward my vacation.

13. I will cut spending by looking at my monthly budget so I can save the money to use for the trip.

14. I will look at ways to generate extra money on a monthly basis.

15. I will create a vision board with photos of the place I want to visit to remind me why I am saving each day.

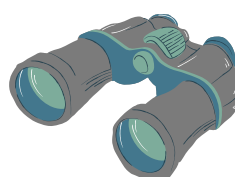

16. I will look into getting a credit card from an airline to collect airline miles.

18. I will look at getting possible promotions within 6 months to earn more income.

17. I will create a plan to pay off credit card debt to focus on saving for the trip.

19. I will ask a close friend or family to go on the trip with me to split some costs.

20. I will borrow or trade instead of buying things.
