..warranty and shipping issues..

we usually ship with united states postal service. with usps we usually include track/confirm and insurance. for the bigger items we use ups/fedex/greyhound shipping which includes insurance and tracking. most of the parts we offer are used and therefore cannot offer exchange/replacement unless we have another. we will try to find those needed parts elsewhere and will work with you if ever needed. we are small and helpful. we only drive these cars, and enjoy their ride.

..we hope you enjoy our site..
