The Healthy alternative

PhatGuy Hydro Farm caters to the needs of a growing group of consumers that strive for a healthier diet. By Supplying retailers and restaurants that cater to healthy conscience customers, we maintain the freshest supply chain.

Our hydroponically cultivated crop offerings are continuously expanding to meet demands and requirements of this market

Lettuce

We've selected the most crunchiest and tastiest lettuce varieties that turn any dish into a gourmet Salad.

- * **Romaine**
- * **Red Leaf**
- * **ButterCrunch**
- * **Green Leaf**

Cherry Tomatoes

Hydroponic tomatoes can taste as good as tomatoes grown in rich soil outdoors. And our varieties are grown to compliment tastes.

- * **Super Sweet 100 Cherry**
- * **Yellow Pear Cherry**
- * **Cherries Jubilee Cherry**
- * **Black Pearl Cherry**

Cucumbers

Hydroponic cucumber fruits differ from their field counterparts in that they are seedless and have a thinner skin that doesn't require peeling.

Bell Peppers

No Salad would be complete without multi colored peppers. Our Hydroponic bell peppers are full of flavor and aroma.

- * **Ace Bell**
- * **California Wonder Bell**
- * **Vidi Bell**
- * **Yolo Wonder Bell**
