

# Financing & Leasing Solutions for the Medical Industry

Having the latest technology helps healthcare professionals better care for patients, enhance efficiencies and improve their bottom line. We provide innovative equipment financing solutions that allow you to grow your practice:

## Finance New, Used or Refurbished Equipment:

- Competitive financing up to \$1.5 million\*
- Convenient terms up to 84 months
- Finance agreements, leases & working capital loans
- Deferred payment options to match cash flow
- Potential tax savings

**Plus:** Avoid upfront costs. Our 100% financing program allows you to finance soft costs such as installation, shipping, tax and other items.

## Fast. Flexible. Financing.

Application-only financing  
up to \$250,000  
with instant credit decisions!

Our consultative approach will help you develop a cost effective way to finance the equipment you need. If you're not purchasing now, ask about pre-approval.
