

CITYPLACE SOUTH TOWER

RESULTS OF URGENT REQUEST FOR INPUT ON CPST FITNESS CENTER RE-OPENING

Dear CPST Owners,

The Board really appreciated your input on this important issue. Of the 150 Owners that provided input, 124, or 83%, recommended not opening the Fitness Center and 26, or 17%, recommended opening it.

Since the majority of the Owners, that provided input, recommended not opening the fitness center, the Board will formally vote, at the next noticed Board meeting, to keep the fitness center closed until Palm Beach County removes the requirement that condominium associations enforce the CDC guidelines. It is anticipated this action by PBC will not occur until the Covid-19 virus is totally controlled.

Thanks for your input and be safe.

The CPST Board of Directors
