**Introducing New:** Bose F1 Systems to our sound rental packages

F1 Model 812 is the first powered portable loudspeaker that lets users optimize sound by creating up to four different vertical coverage patterns. Offering exceptional power and clarity, the F1 system provides versatility for a wide range of applications and venues, easy setup, aesthetically pleasing design, and rugged durability.

### **Features**

- FLEX array: Bose® exclusive flexible baffle can be configured into four unique shapes, allowing you to choose the best possible coverage pattern for the application
- Eight-driver mid/high line array: Eight vertically mounted drivers, each mounted on a custom waveguide, help deliver wide, consistent coverage
- 12-inch LF driver: High-performance woofer provides strong low-frequency output
- 2-channel integrated mixer: 2 inputs with independent level controls accommodate XLR, 0.25-inch and RCA connectors

# SOUND SYSTEM: BOSE F1 CLEAR SOUND PACAKGE
