Lodging:

Days Inn by Wyndham Hillsboro
103 Harry Sauner Rd
Hillsboro OH 45133
937-403-0207

Terms of Sale:

Terms of payment are cash, good check, or Visa/Master Card. All credit card payments will incur a 3% processing fee which will be applied to your total purchase price. Thus a \$1000 purchase will be charged \$1030. No cattle will be loaded until approved by sale clerks.

Terms & Conditions:

All cattle sell under the terms and conditions of their respective breed associations. All announcements made on the supplement sheet or on the sale block will take precedence over material presented in this book. EPD's are based off fall of 2020. Please leave all transfer instructions with the sale clerks following the auction.

Trucking:

We will work with you to find the most reasonable and economical trucking available. Cattle must leave the sale site by Sunday so please let us know as soon as possible following the sale what your needs may be.

Heard Health:

All cattle will have papers for interstate travel, and all bred females will be recently pregnancy checked. Buyers of bred cattle have 21 days to re-pregnancy check purchases. If any animals are found to be open please contact the seller or sale management within that 21 day period for an adjustment to be made. Sale Vet Bohrer Vet Services, Caleb Bohrer, DVM 937-205-0727.

**Absentee Bidding:**

If you will not be able to attend the sale please contact Sale Management for a member of the sale staff to obtain a bidder number in order to bid over the phone.

Liabilities:

Everyone attending this auction does so at their own risk. Sale Management, Staff, Consignors, & Prospect Cattle assumes no risk for any injury or loss which occurs at the sale site.

Sexed Semen:

We cannot 100% guarantee sex on cattle bred with sexed semen.

Insurance:

Insurance will be available at the clerk's desk. James F. Bessler Inc. Mortality Insurance. Jim Bessler 815-762-2641.

One Half of the Proceeds from the Lot 9 Female will be donated to the Ohio Junior Simmental Association.

SCHEDULE OF EVENTS

Starting October 15th

Cattle on display and available for viewing at Prospect Cattle. Prior to this time cattle may be viewed at individual consignors farms.

Saturday October 17th

8:00 am Cattle available for viewing
3:30 pm Purina Feeds Program
Patrick Gunn will make a presentation.
4:30 pm Dinner & Social Hour Begins
6:00 pm The Elite Edge Sale

The history and track record of what the Mia cow has produced is quite impressive. Here is another prime example. The hip and pin set of these Mia daughters are way different than most Simmental cattle. Add the internal dimension and look that Hattie gives you and we have the opportunity of a lot of fun in front of us. A junior sending me backdrop pictures of this one wouldn't surprise me.

Open Heifer - AMAA #: 513058

Loaded Up loaded Hallie with plenty of dimension, foot and bone. The extra length of spine, coupled with great attitude and hair make this girl a functional, producing machine. Take her Simmi, Maine or clubby. She'll add the right pieces for all directions. Her young donor dam has now sold five calves for an average of \$7400.00. A division champion at NAILE, Division Champion at Junior Nationals, and 4th overall bred and owned at Junior Nationals.

I remember getting home from Denver and seeing this pair of heifers for the first time. They were cool, but different. Now they are really cool, but different. If you remember the Glinda female when we sold half of her, you'll recall how unique she was from a soundness and skeletal design standpoint. Hadley will put you in mind of her donor dam, but in a sexier package. Her underpinning and upper rib shape is as impressive as any young female I have seen. If you like a Simangus with middle and skeletal width, with the potential to put big time cattle on the ground at the next level, then I would pay attention here.

33H is the longer of the two Heads Up sisters. Wide pinned and long hipped. Don't overlook this one because she isn't as far along in her hair coat. Outcross genetics in an attractive package, from a very proven cow family.

A direct daughter of the Dream cow. These genetics are all but gone. The Dream donor has had a significant impact on our program and others. If you have any question as to her value, evaluate her granddaughters that are just in this sale. 3H, 33H, 102H and 1H. Here is a direct daughter built to make High Maines at the next step. Maines with bone, functionality, structure, skeletal width and milk. She'll register 1/4 Sim too. From a skeletal standpoint, 710H is one of my all time favorites of the Dream cow. Study the foot, bone and head set of this one.

Due 11/24/20 to W/C Fort Knox 609F

It's pretty hard to improve a Broker x Northern Improvement cow, but when she sells due to calve a month after the sale to Fort Knox, I'd say it's a game changer. E147 is one impressive beast in the flesh and has a great attitude, her mating to Fort Knox could be lights out from what we have seen so far this fall by this stand out sire.

Due 1/12/21 to Maternal Made. No Bull Exposure.

We wanted to offer a really good bred Maine female for our inaugural sale, and here she is. We purchased 31D for Hannah to show, and had a fair bit of success with her. Unfortunately we hadn't gotten the chance to flush her yet, but it has definitely been discussed. 80s Man is the better full brother to I-80 (according to Brian), and she's out of a Whiskey/Saugahatchee cow. Did I mention she's due 1-12-2021 to Maternal Made? No exposure.

RGH Barbie's Fuzion is a $\frac{3}{4}$ blood female sired by the deceased W/C Fuzion, a former high seller we purchased from the Werning program. He was a SimAngus bull with phenomenal numbers and stamped his progeny with a look. Her donor dam is the WHF Barbie 35B who is a massive beast of a cow. Complete outcross with outstanding numbers as well. Barbie's Fuzion is in the top 1 percent of the breed for weaning and yearling wt. EPD's. She is one that can be mated a variety of ways. She sells bred to Reply All and will calve close to sale time. From a genotypic and phenotypic stand point this one could be off the charts.

RGH Grand Fara 240F is another Purebred daughter of WHF Turned Up and out of a Grandmaster Daughter. This mating worked very well with the eye appeal of Turned Up and the maternal broody stamp of Grandmaster. She will calve prior to sale with probably one of our first calves out of our newest addition to our herd bull line up "Reply All". He was the high selling bull at the Factory Direct sale. He incorporates a new bloodline on the place being sired by TJ High Calibre and out of LAH Mignonne 408B who is a Driver daughter out of PRC Looking Good. Reply All saw success last year on the road with his last outing being named SR Calf Champion at the NAILE. He's back in the show barn now, waiting to see if there will be a NAILE to return to in 2020.

There is some Big Time potential in this powerful female and donor prospect. RGH Flower Child 709F is intriguing in many aspects of the beef industry. She embodies the entire list of Buzz words such as; Powerful, Stout, massive, soft made, substance, and striking. She incorporates some of the hottest bloodlines in the industry being sired by the legendary Profit who has written his own page in history for high sellers and winning progeny. Her Donor Dam M2C Chanelle 577C is sired by perhaps the most influential Angus sire in the industry, Silveras Style and out of Sheza babe U2 going back to all the "Sheza" cows that have been so prominent in the Simmental breed. This 3/4 blood blaze faced female sells with an added bonus of being safe to the \$52,000 HILB Oracle with sexed heifer semen. Truly a sale highlight in every sense of the word.
