NOTICE OF PRIVACY PRACTICES

Protecting Your Confidential Health Information is Important to Us

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Our Promise

Dear Patient:

This notice is not meant to alarm you. Quite the opposite! It is our desire to communicate to you that we are taking seriously Federal law (HIPAA—Health Insurance Portability and Accountability Act) enacted to protect the confidentiality of your health information. We never want you to delay treatment because you are afraid your personal health history might be unnecessarily made available to others outside our office.

Why do you have a privacy policy? Very good question!

The Federal government legally enforces the importance of the privacy of health information largely in response to the rapid evolution of computer technology and its use in healthcare. The government has appropriately sought to standardize and protect the privacy of the electronic exchange of your health information. This has challenged us to review not only how your health information is used within our computers but also with the Internet, phone, faxes, copy machines, and charts. We believe this has been an important exercise for us because it has disciplined us to put in writing the policies and procedures we follow to protect your health information when we use it.

We want you to know about these policies and procedures which we developed to make sure your health information will not be shared with anyone who does not require it. Our office is subject to State and Federal law regarding the confidentiality of your health information and in keeping with these laws, we want you to understand our procedures and your rights as our valuable patient.

We will use and communicate your HEALTH INFORMATION only for the purposes of providing your treatment, obtaining payment, conducting healthcare operations, and as otherwise described in this notice.

NOTICE OF PRIVACY PRACTICES

Federal law generally permits us to make certain uses or disclosures of health information without your permission. Federal law also requires us to list in the Notice each of these categories of uses or disclosures. The listing is below.

As Required By Law

We may use or disclose your health information as required by any statute, regulation, court order or other mandate enforceable in a court of law.

Abuse or Neglect

We may disclose your health information to the responsible government agency if (a) the Privacy Official reasonably believes that you are a victim of abuse, neglect, or domestic violence, and (b) we are required or permitted by law to make the disclosure. We will promptly inform you that such a disclosure has been made unless the Privacy Official determines that informing you would not be in your best interest.

Public Health and National Security

We may be required to disclose to Federal officials or military authorities health information necessary to complete an investigation related to public health or national security. Health information could be important when the government believes that the public safety could benefit when the information could lead to the control or prevention of an epidemic or the understanding of new side effects of a drug treatment or medical device.

For Law Enforcement

As permitted or required by State or Federal law, we may disclose your health information to a law enforcement official for certain law enforcement purposes, including, under certain limited circumstances, if you are a victim of a crime or in order to report a crime.

How Your HEALTH INFORMATION May be Used to Provide Treatment

We will use your HEALTH INFORMATION within our office to provide you with care. This may include administrative and clinical office procedures designed to optimize scheduling and coordination of care. In addition, we may share your health information with pharmacies or other healthcare personnel providing you treatment.

To Obtain Payment

We may include your health information with an invoice used to collect payment for treatment you receive in our office. We may do this with insurance forms filed for you in the mail or sent electronically. We will be sure to only work with companies with a similar commitment to the security of your health information.

To Conduct Health Care Operations

Your health information may be used during performance evaluations of our staff. Some of our best teaching opportunities use clinical situations experienced by patients receiving care at our office. As a result, health information may be included in training programs for students, interns, associates, and business and clinical employees. It is also possible that health information will be disclosed during audits by insurance companies or government appointed agencies as part of their quality assurance and compliance reviews. Your health information may be reviewed during the routine processes of certification, licensing or credentialing activities.

In Patient Reminders

Because we believe regular care is very important to your health, we will remind you of a scheduled appointment or that it is time for you to contact us and make an appointment. Additionally, we may contact you to follow up on your care and inform you of treatment options or services that may be of interest to you or your family. These communications are an important part of our philosophy of partnering with our patients to be sure they receive the best care. They may include postcards, folding postcards, letters, telephone reminders or electronic reminders such as email (unless you tell us that you do not want to receive these reminders).

To Business Associates

We have contracted with one or more third parties (referred to as a business associate) to use and disclose your health information to perform services for us, such as billing services. We will obtain each business associate's written agreement to safeguard your health information.

Family, Friends and Caregivers

We may share your health information with those you tell us will be helping you with your treatment, medications, or payment. We will be sure to ask your permission first. In the case of an emergency, where you are unable to tell us what you want, we will use our best judgment when sharing your health information only when it will be important to those participating in providing your care.

Workers' Compensation Purposes

We may disclose your health information as required or permitted by State or Federal workers' compensation laws.

Judicial and Administrative Proceedings

We may disclose your health information in an administrative or judicial proceeding in response to a subpoena or a request to produce documents. We will disclose your health information in these circumstances only if the requesting party first provides written documentation that the privacy of your health information will be protected.

Incidental Uses and Disclosures

We may use or disclose your health information in a manner which is incidental to the uses and disclosures described in this Notice.

Health Oversight Activities

We may disclose your health information to a government agency responsible for overseeing the health care system or health-related government benefit program.

To Avert a Serious Threat to Health or Safety

We may use or disclose your health information to reduce a risk of serious and imminent harm to another person or to the public.

For Research

We may use or disclose your health information for research, subject to conditions. "Research" means systemic investigation designed to contribute to generalized knowledge.

In Connection With Your Death or Organ Donation

We may disclose your health information to a coroner for identification purposes, to a funeral director for funeral purposes, or to an organ procurement organization to facilitate transplantation of one of your organs.

If applicable State law does not permit the disclosure described above, we will comply with the stricter State law.

Authorization to Use or Disclose Health Information

We are required to obtain your written authorization in the following circumstances: (a) to use or disclose psychotherapy notes (except when needed for payment purposes or to defend against litigation filed by you); (b) to use your PHI for marketing purposes; (c) to sell your PHI; and (d) to use or disclose your PHI for any purpose not previously described in this Notice. We also will obtain your authorization before using or disclosing your PHI when required to do so by (a) state law, such as laws restricting the use or disclosure of genetic information or information concerning HIV status; or (b) other federal law, such as federal law protecting the confidentiality of substance abuse records. You may revoke that authorization in writing at any time.

PATIENT RIGHTS

You have the following rights related to your health information.

Restrictions

You have the right to request restrictions on the use or disclosure of your health information for treatment, payment, or healthcare operations in addition to the restrictions imposed by federal law. Our office is not required to agree to your request, unless (a) you request that we not disclose your PHI to a health insurance company, Medicare or Medicaid for payment or healthcare operations purposes; (b) you, or someone on your behalf, has paid us in full for the healthcare item or service to which the PHI pertains; and (c) we are not required by law to disclose to the insurer, Medicare, or Medicaid the PHI that is the subject of your request, but we will endeavor to honor reasonable requests. We generally are not required to agree to a requested restriction. Our office will honor your request that we not disclose your health information to a health plan for payment or healthcare operation purposes if the health information relates solely to a healthcare item or service for which you have paid us out-of-pocket in full.

Thank you for choosing our office as your dental health care provider. We are committed to providing you with the highest quality dental care so that you may fully attain optimum oral health. Everyone benefits when office and financial policy arrangements are understood. The following is a statement of our Financial Agreement which we require you to read and sign prior to accepting any treatment.

Payment

Payment for services is due in full at the time services are rendered. We offer the following payment options:

- Cash, check, Visa, MasterCard and Discover.
- Flexible payment plans are available upon approval with Care Credit®. You can apply by visiting www.carecredit.com. Approval must be received prior to treatment date, and you must provide your Care Credit account number upon arrival to your appointment.

The cost of dentures, partial dentures, crowns and/or bridges, retainers, mouth-guards or night-guards will be collected at the time of the first impression.

Any parent/guardian who accompanies a minor child to their appointment is legally responsible for payment of all services rendered.

Checks that are returned to our office from your financial institution are subject to a \$30.00 returned check fee.

Insurance

Your dental insurance is a contract between you and your insurance company; therefore, all charges are your responsibility. All insurance co-pays and deductibles must be paid at the time of service. In the event your insurance company has not paid your account in full within 90 days, the balance may become your responsibility.

As a professional courtesy, we will gladly file your dental insurance claims with your carrier. We will file up to two insurance plans per patient, but please note, having multiple dental insurance plans does not guarantee 100% payment. **Your complete insurance information must be presented at the time services are provided.** It is your responsibility to inform us of any change in your insurance. If a claim is returned for incorrect patient information, we will attempt to

contact you. If we do not hear from you within 7 business days, the claim will be voided and you will be billed for payment in full.

Our responsibility is to provide you with the treatment that best meets your needs, not to try to match your care to insurance plan limitations. Dental insurance plans do not correspond to individual patient needs. Many routine and necessary dental services may not be covered even though you may need those services. **We are able to provide some assistance in estimating your insurance benefits, including sending your proposed treatment plan to your insurance carrier for a predetermination of benefits; however, any estimate of the cost of your treatment is strictly an estimate.** Your insurance company makes the final decision regarding your plan benefits only once treatment is completed and the claim is submitted.

Appointments

Your reserved time in our office is important. We understand that sometimes it is necessary to change your appointment, so we ask that you kindly give us a minimum of twenty-four (24) hours' notice. If appointments are broken without adequate notice, a cancellation fee of \$25.00 will be applied to your account. Repeated missed appointments can be grounds for cancellation of all future appointments and patient dismissal.

Financial Agreement

I realize I am financially responsible for all charges incurred, regardless of insurance coverage.

All insurance benefits are payable to the dental office, and I agree to release any information necessary for the dental office to process claims.

Unpaid balances 90 days or older, are subject to a 1.00% monthly finance charge. Failure to pay within 90 days will result in legal action. I understand and agree that if my account is turned over for collection to an attorney, I will pay cost of collection including a thirty-three and one-third percent (33-1/3%) attorney's fee, court costs, and interest until my account is paid in full.

By signing below I attest that I have read, understand, and agree to the James Burton DMD Financial Agreement.
