

GREEN LIGHT DRIVING ACADEMY, LLC

COMPLETE COURSE OUTLINE

CONGRATULATIONS! Your student has been enrolled to participate in one of our **DRIVER'S EDUCATION COURSES**. Thank you for choosing us for your Driver's Education needs. This process is certified and approved by the State of Idaho since Green Light was founded by Lesley Costner in January 2022. I did my training in Meridian ID for two years and have had the pleasure of teaching hundreds of students how to drive successfully. I created this school in my local community to teach safe and defensive driving. Offering and encouraging a productive learning environment with a calm atmosphere and practice in multiple driving environments. Our program uses a virtual classroom that was created and is based right here in Idaho. The following information will guide you through the entire process of setting up the online portion of the class, how the behind the wheel training schedule will be developed and provide all the details of our policies & procedures.

WHAT TO EXPECT...

30 HOURS ONLINE CLASSROOM INSTRUCTION

The online course portion of our program can be completed at the students pace, depending on their motivation and availability. **Grades are updated by our online classroom instructor Mr. Johns daily and upon 100% completion, students and parents will be contacted via email with scheduling options through Sign Up Genius.**

6 HOURS OUTSIDE OBSERVATION

All students are required to complete 6 hours of observation and log their progress on our [OUTSIDE OBSERVATION LOG](#) form, this can begin as early as their first day of classroom learning and must be completed by their last day of behind the wheel driving. It will then need to be turned into their driving instructor. Students need to be observing their parents and all other drivers, writing down ALL mistakes observed, while riding as a passenger. This exercise is designed to start training them to think like a defensive driver. **The completed form is due at the end of the last day of behind the wheel training in exchange for their permanent permit card.**

6 HOURS BEHIND THE WHEEL TRAINING

Behind the wheel training is done One-on-One with the same instructor for 2 hours each day over a 3-day period, typically within the same week. Daytime and evening schedules are available year-round. **Schedule options are offered to my 100% GRADUATES ONLY according to seniority each week and filled on a first come first served basis.**

DRIVING LOCATIONS

We currently offer driving options out of Payette H.S. and Fruitland H.S. in the Western Treasure Valley. Canyon county is being added in the fall of 2025. Though Arrangements can be made for other surrounding areas upon request. Residents living outside of our direct service areas (*Emmett, Parma, Nampa, Caldwell, Boise, Eagle, etc.*) will be able to request a custom

schedule out of their hometown to eliminate some of their commute (additional fees may apply).

We are excited to offer our Complete Online Course through our partnership with Brian Johns, owner and creator of Idaho's very first Driver's Ed virtual online classroom covering the rules of the road from the Idahoan perspective. This state approved program is an incredible resource, built from Brian's more than 20+ years of extensive experience dedicated to helping Idaho teens get out on the road safely. **The IODE website link and detailed instructions to get started will be emailed once STEPS 1-3 are completed.**

STEP #5 – START LEARNING!

- ★ **Immediately begin working on your online course AND the 6 hours of required outside observation** of your parents and others' driving habits and logging your experiences on the [GLDA OUTSIDE OBSERVATION LOG](https://greenlightdrivingidaho.com/) which is linked here and in all other correspondence emails as well as on our website <https://greenlightdrivingidaho.com/>.

This form is due at the end of the course on the last day of driving in order to receive your permit and certificate.

- ★ **Work at your own pace from any location with any device.** The time it takes to complete the online portion of this class is completely up to the student. The key to success will be to pace yourself and work through the online class modules as often and as diligently as possible. If you do not log into the classroom for 90 days or more then you will be placed in an inactive status. **If you are inactive more than 6 months then you could be asked to restart the class with a \$50 reinstatement fee due immediately. Students that have been registered more than ONE (1) year will be removed and any payments received by Green Light Driving Academy, LLC. will be forfeited.**
- ★ **Once 100% of the class work has been completed, the scheduling process for the driving portion will begin.** There's no need to email us your completion status as we are provided a daily list of graduates from the classroom instructor. We will confirm with our scheduling details email within 48 hours. **You will receive driving options from Lesley Costner via Sign Up Genius and available times are filled on a first come first serve basis, based on the online course completion date sent to us by the classroom instructor.**
- ★ **When you have scheduled and arrived to join one of our in-car instructors, you have officially created a contract/waiver that allows our professional educator to interact with your student in the car and teach them individually or with another student if necessary.** Parents have the option to ride along on all driving lessons if you prefer your student not be alone with an instructor.

- ★ Furthermore, you agree to be financially responsible for half the cost of the deductible owed for any and all damages to the vehicle while your student was behind the wheel and release Green Light Driving Academy, LLC and its staff from all liability and/or litigation.
- ★ If your student is unable to make a drive due to a conflict in their schedule or they are feeling any flu-like symptoms prior their scheduled drives, please plan on communicating with us 24 hours in advance to reschedule in order to avoid a LATE CANCELLATION FEE OF \$25 (*per scheduled hour*), due on or before completion of the course in order for the instructor to release any permits and/or certificates.
- ★ The final drive will include a required one-hour Parent/Guardian ride-along. This is for all students under 18. At that time, all the elements of our course will be finished and all driving abilities displayed, at which time the Parent/Guardian will sign off on the skills taught to their student, releasing Green Light Driving Academy from any further liability and thus beginning the 6 months Supervised Instructional Period (SIP) required by the Idaho Graduated Drivers Licensing program.
- ★ If extra behind the wheel time is required to make sure that the Instructor, Student or Parent/Guardian feels comfortable with their student's ability, an additional \$50 per hour will be assessed. Those situations will be set up only upon request of the Instructor and/or the Parent/Guardian and scheduled with the instructor. Online, Cash, Check, Venmo or CashApp payment will be expected prior to the new scheduled time, unless otherwise arranged by the GLDA office.
