

DECOLONIZATION

Lord Amarakhan already gave you the American Indian declaration as a gift with a supporting document on www.myniiji.com. The images below are samples of the Original indigenous ID. As an indigenous man or woman, you have a right to self identify. This ID meets the legal and lawful standards of an acceptable form of identification. All you have to do is replace the information with yours, but use the same format. You can print it yourself, have someone do it for you, or you can have Lord Amaramakhan do it for you. You want your ID to look professional with security features and hologram, so we suggest you get Lord Amarakhan to do it for you. For his services, please email him at chieflyingeagle@proton.me

You have the option of just doing you, and create your own ID, in which you have every right to do so. You also have the option of becoming one of we the people of the Republic of Iroquois Ongwehonweh (R.I.O). We pride ourselves on being a republic built for we the original indigenous peoples of the Americas. We stand on integrity, honor, respect, transparency, love and light. Our republic website is www.ongwehonweh.org. Many so called nations and or organizations will come and go, but R.I.O will be the last one standing, it was ordained by the righteous ancestors. R.I.O isn't an organization or nation, it is a Government republic that was built as a home for the millions of us who were displaced, misclassified and written out of history through paper genocide.

The bottom line, whether as an individual or a collective, we have the inherent right to self identify. Even if you choose not to be part of the republic or any other nation, this ID format will still unify us under the heading of ORIGINAL INDIGENOUS AMERICAN. The ultimate goal of Lord Amarakhan is unity, and in unity there is strength. We can regain our sovereignty, identity and inheritance through unification.

We do not need to be federally recognized by the corporate UNITED STATES in order to be recognized, recognition comes through us as a collective. We have the power to change our destiny, and it starts with you making your declaration and creating your ID. If there has ever been one man and or woman who knows how to get us where we need to go, it's Lord Amarakhan. He knows how to get us there.
