Professional Summary:

My goal is to contribute world-class project management, environmental training, consulting and technical literacy programs to empower residents in underserved communities. Partner and engage businesses, organizations, and individuals seeking to “give back through community engagement and in creating sustainable, alternative housing solutions. Provide technical literacy (**EcoTech** centers) to communities without access to the World Wide Web that supports international and humanitarian missions.

Director, Learning & Organizational Project Manager @ Green Career Services
Community Outreach Coordinator @Strategic Properties Inc. (formerly Golfvista,
Central Park & Royal Oaks Apts.) The Life @ Fairway Gardens

Accomplishments – Experience

2021-Present

- OSHA Certificated Forklift Training- Equipped to track inventory, inspect goods before and after shipping to identify imperfections or damage, lift heavy materials onto pallets and secure them with cord or packaging, stack merchandise and count inventory in-stock to fill orders. We operate different types of lifting machinery such as pallet jacks, depending on the tasks they need to complete and a warehouse’s setup.

2019-Present

- ServSafe Management training with solutions to reduce risk and to protect company brands. The class covered critical principles including: personal hygiene, cross contamination, time and temperature, receiving and storage, food safety management systems, and training hourly employees.

2015-2021

- 9 years in Community Redevelopment, and Community Outreach serving residents living in underserved and financially challenged inner city apt. communities. Managing community engagement events while working alongside Apt. Management staff. Assisting residents by establishing an onsite Health2Wealth Center in partnership with business, employment and health care professional who provides services of Health and wellness,

personal visits, needs assessments, conversations and follow up to help support and sustain their lives. Creates community driven marketing newsletters, flyers, web media outlets to promote events, socials, programs and promote business partnerships. Establish Eco-TECH computer lab onsite providing residents and their families access to the World Wide Web, computer literacy, social media access and employment opportunities.

2016-2020

- 15 years in the strategic planning and formation of partnerships with Green industries and businesses forming an eclectic Eco-Alliance network supporting our emerging industry of Green Construction, Education, Alternative Water/Energy, Agriculture and Transportation.

2012-Present

- 18 years' development and implementation of educational programming, TV/Radio events providing art therapy, computer training/certifications, Green career/ job opportunities and Eco-Internships for America's underserved and disadvantaged youth living within urban apt. communities.

2008-2019

- 15 years training in Electronic Waste Management Industry by industry pioneers, 5R Processors LTD, implemented local and citywide environmental awareness waste collection events, summer STEM internships for high school students and youth in other educational facilities.

2009-2018

- 8 years as Creator and Founder of the highly successful environmental awareness campaigns, "Going the Green Mile" in 2010 and "Get Your Hand Green" in 2011, Go Green Now (2013) and ZERO Waste By 2020 events supporting the Governor Perdue's GREEN START 2008 statewide initiative and ZERO Waste by 2020 Initiative adopted in 44 states authored by Senator Donzella James in 1995
- 9 years in drafting environmental legislation and resolutions with the Office of Senator Donzella James, that were passed in the Georgia House recognizing and commending Georgia Legislators in their efforts to create a Greener, more sustainable Georgia meriting nine Phoenix Awards from Atlanta Mayor Kasim Reed and a City Council Resolution with signatures from the entire Atlanta City Council.

2015-Present

- 6 years of advocating for Human Trafficking Awareness, education and grassroots marketing and distribution of HB 141 poster throughout GA; Served as World Chamber of Commerce Environmental Chair and supported its local and global voice to victims and survivors

2013-2016

- 4 years of Property and Office Management for Urban Suburban - Atlantic Executive Center, an 85,000 sq. ft. -7.2-million-dollar business center maintaining a 94% occupancy.

2012-2014

- Development, oversight and creator of the GreenSHADES Eco-Village and Energy Park model. Securing over 752-acre @ 25million dollars. This unique prototype Green community incorporated urban sustainability with eco-friendly building designs, construction materials, architecture, emerging Green energies and technologies along with a diverse array of business products and services.
