To Whom it may concern,

I am writing to you on behalf of the good people of Lincoln who donate money to Black Hills Energy Cares. Their donations are not being used appropriately by The Salvation Army of Lincoln.

Major Mark Anderson's first task for me at The Salvation Army Lincoln Corps was to get Black Hills Energy (BHE) money from Divisional Headquarters in Omaha (DHQ). Black Hills Energy receives money from their clients and employees (pages 1-2) who donate money to help people with their utility bills (page 50). Black Hills Energy then "matches" those donations (page 52) and sends the money to DHQ. DHQ then takes a 10% cut of Lancaster & Saline county funds, and in the past, would send the remaining 90% to Lincoln. This changed I found out, as Omaha wanted to earn interest off our funds until we expensed our allotment via our Social Services department paying BHE heat bills for clients who needed assistance. Major wanted me to get Omaha to release these funds so we could use the money.

My start date was June 17, 2019 and none of our accountants in Omaha, our Finance Manager, or Internal Auditor would help me or even aknowledge that we had money from Black Hills at DHQ. Finally on June 25th after a week of calling DHQ, Black Hills Energy, The United Way, & my new grant contacts at the court house I got Omaha to release April's BHE funds (\$5,751.86 for Lancaster County & \$100.62 for Saline County) (page 47). Digging through files on my computer I was able to find the last payment Major Mark Anderson received from Black Hills funds, \$5,543.58 for Lancaster County & \$109.44 for Saline County on March 26th, 2019. Omaha had withheld Lancaster County & Saline County funds from Lincoln for three months. Needles to say Major was thrilled and so was I. I got more information when I visited DHQ in Omaha and met accountants; Keiko Lao & Ruth Rodrigues, Finance Manager Jim Coonce, and Internal Auditor Howard Wagoner. After pushing more and making our accountants nervous DHQ released another

\$5,919.50 to us (page 48) for May's Black Hills Energy donations. Then on July 11, 2019 I received an email from Finance Manager Jim Coonce (finally!) stating that we had received \$52,426.02 FY 2019 to-date (pages 40-41). I was starting to see the big picture and Major was glad he pushed me to cause problems.

On August 21, 2019 we requested checks for \$5,273.84 (page 53) and \$14,052.21 (page 54) that they had yet to pay us from Black Hills donations. The following day we received a check for \$19,326.05 (page 55). There was one REALLY BIG problem however. We had not given out a single dollar in Black Hills HeatShare funds in July or August, and nothing in September until the 30th! The Salvation Army Social Services was told by Major Mark Anderson to have people call other agencies because we had no money to help them at this time! I had just gotten DHQ to deliver the Lincoln Corps \$31,098.03 and we had only paid out \$8,935.49 (page 14). By Fiscal Year End we paid out a total of \$24,654.51 (page 14). Our Finance Manager at DHQ had emailed me that FY 2019 to-date (prior to me) Lincoln had been paid \$52,426.02 (pages 40-41). Add that to the \$31,098,03 the \$16,962.88 in HeatShare donations for Jul-Aug-Sep that was paid in November, and the \$16,374.78 for a BHE "Walk for Warmth" fund raiser (pages 23-30) and we're at \$116,861.71, and that's after DHQ took 10% of Black Hills Energy's Lancaster and Saline County donations.

Please see task67.com for the other half of The Salvation Army Lincoln Corps Utility Fraud - The Salvation Army Utility Assistance Program. *Lincoln Electrical System (LES). This program is funded by Lincoln/ Lancaster County taxpayers, FEMA, The United Way, and other various grants and donations. As shown on page 21, during Fiscal Year 2019 through Quarter One of Fiscal Year 2020, The Salvation Army of Lincoln did not assist anyone with their electricity 9 out of the 15 months I've documented!

Thank you for your time, Brian Williard bwilliard@task67.com

KEY POINTS

- Page 9 breaks down how Black Hills Energy Assistance works.
 - Line 1 shows the number of people who donated to Black Hills Cares (The Salvation Army HeatShare Program). From July-September they averaged 830 customers who donated per month.
 - Line 2 shows the number of Black Hills Energy employees who donate money to their Black Hills Cares program (which goes to The Salvation Army HeatShare Program). They had 14 employees who donated each month.
 - The green section shows the amount of money everyone raised (including BHE matching funds).
 - The red section shows the amount of money The Salvation Army used to help people during this time period (\$596.67)
 - Unfortunately this is not an anomaly as page 21 of the report shows. There are many months in each of The Salvation Army's direct assistance programs that the Major's do not allow Social Services to spend money on. All of these programs are heavily funded however.
 - Page 9 includes an article that was in The Lincoln Journal Star in which Major Mark Anderson claimed to award between \$14,000 and \$19,000 per month in utility assistance through the HeatShare program which is not true and shown to be a false statement in this report. The Journal Star has several false articles online pertaining to The Salvation Army as they simply quote what Major Mark Andersons tells them.
- Page 15 shows the typical voucher The Salvation Army gives out in comparison to the amount the client is billed. The Salvation Army typically pays half a clients bill after their Social Service Coordinator negotiates with Black Hills. The Major's at the Lincoln Corps pressure Social Services to keep costs at a minimum, and that's if they are allowed to help someone. Our "paid" volunteers (National Able-paid by the Government) that answer the phones are told to redirect calls for utility assistance to other agencies.
- Page 23 shows a one time \$16,374.78 check we received from a Black Hills Energy "Walk for Warmth" event that nobody at DHQ could explain in full. After I finally got the obvious answer that it was to be used for Winter heating assistance I pressed my boss Major Mark Anderson to allow Social Services to use the money. He put it into the general account anyway to be used however he wanted (just like any other "restricted" donation). This was the tipping point for me as our Social Services Coordinator and our Pathway of Hope Director would tell me that they hated telling people that they could not help them with their heating bills because Major Mark wouldn't pay any heat bills during the winter months, because according to him Black Hills doesn't turn off heat in the Winter. Later COVID-19 hit which gave him another excuse to hoard funds as once again Heat would not be turned off on clients and he again instructed the Social Services department and our National Able receptionists to turn away clients seeking heat assistance.
- Page 36 is a partial transcript of a conversation I had with our Internal Auditor (Audio is available and on task67.com) Howard Wagoner about misuse of funds in which he says amongst other things, "I told that, I said Major (Major Thompson DHQ) this is big. I said this could really turn upside down on us real quick, because you got a hundred and some thousand dollars in grants, and I said they havn't expensed hardly any of that." ME, "Yeah", Howard, "What I don't like is we expense a lot of things, but we don't give out assistance. And what we raise in <u>KETTLES (tis the season big trouble there to)</u> and all that other stuff basically. Basically, if we don't grant it they don't give it out. Some do (Some Corps), some don't."
- Page 38 shows a report I ran on 2.24.2020 looking into our deferred revenue account for Black Hills Energy HeatShare. It was the first time we had eclipsed \$100,000.00 in unspent funds (not including the \$16,374.78 that went into the general account that was for winter heating).

- Page 68 is the letter to the Attorney Generals office by the previous administration raising similar concerns about Major Mark and Susan Anderson. It is signed by the former Community Center Director, the former Business Administrator, former Chair of the Advisory Board, and two other Advisory Board members (who resigned after I went to them with this current situation). I have met with several members of the Advisory Board from my time at TSA (all resigned after I emailed them my concerns), as well as the former Business Administrator, former Pathway of Hope Director and Social Service caseworks. The plan is to write the Attorney General again given the fact that two different groups of people had the same problems without knowing about the other until recently. And I have documentation proving everything I say from my time at TSA.
- Page 70 is the Attorney General's office's "Best Practices" information for non profits.
- Page 74 is the most recent roster of TSA's Advisory Board. I would like to point out that several of them resigned after I went to them with my concerns. They have been a big help in the many meetings we have had at The Mill Coffee Shop. Along with the rest of what I call "The Coalition of the Willing" I was glad to find that some people actually cared. GETTING PEOPLE TO LISTEN IN REGARDS TO TSA FRAUD IS NEAR IMPOSSIBLE (MEAGAN ANDERSON EXECUTIVE DIRECTOR OF THE UNITED WAY, BRANDY JOHNSON OF BLACK HILLS ENERGY, MAJOR GREG THOMPSON OF TSA OMAHA - ALL IGNORED MY MANY CALLS, EMAILS ETC.
 WITH THE EXCEPTION OF ONE MEETING WITH MEAGAN AT STARBUCKS THAT I WAS ABLE TO ARRANGE THROUGH RACHEL SURMICK (DIRECTOR OF COMMUNITY IMPACT) AT THE UNITED WAY LINCOLN)

Black Hills Cares

Sometimes families in our community struggle to pay their energy bills. Black Hills Cares* is a way for you to help. We'll match your gift to our neighbors in need dollar for dollar.

In the past 11 years, Black Hills Cares provided more than \$5.5 million in customer, employee and company donations to assist those in need. In 2018 alone, 2,300 families received assistance from Black Hills Cares funds.

How you can help

To give, check the box on your payment stub or fill out the online donation form to indicate the donation of your choice.

- Kansas 13/15 Stars - Nebraskan 13/15 Stars - South Parkatan w/ TSA BA - Arkansas

https://www.blackhillsenergy.com/community/black-hills-cares

- If you select the Round Up option, we'll automatically round up your monthly bill to the next dollar and donate the difference.
- The recurring monthly donation is another great way you can help. Select a donation amount on your payment stub or write in an amount that fits your budget in the "Other" field.
- If you donate through Round Up or a recurring monthly amount, we'll add that amount to your utility bill until you let us know to discontinue your enrollment. If at any time you want to stop your donation, call us at 888-890-5554.

Donate online

Help your neighbors pay their energy bills. We'll match your contributions dollar for dollar.

Dear Friend,

We have noted your request for utility assistance through the HeatShare program. We understand this is a difficult time for you. Applying early, after meeting the guidelines, could help avoid disconnection and additional fees. You can apply for assistance through our HeatShare program by doing the following:

You need to meet the guidelines to qualify for an appointment:

- 1. <u>Must have a past due billing or disconnect notice</u> from your major heating or cooling utility source.
- 2. <u>Must have applied with the Department of Health and Human Services</u> before we can assist you.
 - Apply for LIEAP at DHHS: 471-7000 or online at www.accessnebraska.ne.gov
- Must reside in the Lincoln HeatShare service area Lancaster and Saline counties

Note: All assistance for utility bill only. HeatShare does not assist with deposits, Service Guard fees or re-connect fees. Those are your responsibility.

Bring the following items when you come to your appointment:

- Current photo identification.
- Names, birthdates, Social Security cards/numbers and relationship to you for all members of the <u>entire household</u>.
- Your disconnect notice or past due bill.
- Written referrals from the agency case workers or denial letter if you have one.
- Our application form completely filled out → DO NOT MAIL Applications can be picked up at our office, you can call us and we will mail one to you or download one from our website: <u>www.salvationarmylincoln.org</u>
- Income verification for the entire household.
- List of all current monthly expenses.

When you have completed the above items, please contact the HeatShare office at 474-6263 between 9:00 am - 4:00 pm Monday - Friday to <u>arrange an appointment</u>. If you need to cancel, please call so that we can open that time to someone else.

Sincerely,

HeatShare Administrator

- Awards between \$14,000 and \$19,000 per month in utility assistance through the HeatShare program.

- And, pays for gas vouchers and motel rooms for those who are homeless.

Many of the agency's most ardent financial supporters have a pretty clear vision of how far their donated dollars are stretched, but the litany of services listed by Anderson provided some valuable insight during a recent presentation at a Northeast Lincoln Sertoma Club meeting. "We don't just dole out the cash ... we work directly with the families," Anderson told the Sertomans.

He added that on a national level, Salvation Army's tentacles are reaching out to families affected by hurricane damage in Florida and Texas.

At the breakfast meeting, Northeast Sertoma donated \$500 to the HeatShare program – matched by the Black Hills Energy Foundation – and an additional \$3,068.66 for the hurricane victims in Florida and Texas.

Major Mark Anderson, chief administrator for the Salvation Army in Lincoln, shares a laugh with Northeast Sertoma Club President Donna Magwire. Northeast Sertoma gave \$3,068.66 to Salvation Army's hutricane THE SALVATION ARMY OF LINCOLN, NE Heart to God, Hand to POCKET!!!

NOTES

Information in this expense report is from The Salvation Army Lincoln Corps Detailed Ledge

The Salvation Army uses Citrix Systems SHELBY accounting software

The Account # for The Salvation Army Utilities Program is 001/412 - all account numbers are listed on this report if auditing was ever neede

The Salvation Army of Lincoln's Utility Assistance Program's abuse of funds is widely known by all past and present employees in the business office and social s-Income from Black Hills Energy's Heat Share Funds is hidden in deferred revenue which stood at \$120,000 by the time I had my access removed from Citrix. Designated Funds from Donors is not recorded as income for utility's as ALL donations go into the general account to be used however Major Mark Anderson war No Kettle income from Christmas is used for direct assistance to individuals.

No mail appeal income is used for direct assistance.

Good afternoon,	and the second se	
Black Hills Energy i	now sending us \$16,374.78 for "BH CARES - WALK FOR WARMTH". Please note	

the email chain below. Can you advise me on which Salvation Army unit(s) receive these funds? (Does this go to Lincoln? Omaha?).

Thank you.

Divisional Finance Manager The Salvation Army Western Division Headquarters Phone: (402)898-5950

Date: 01/23/2019 12:37 PM Subject: Black Hills Energy - Incoming for Oct 2018 [Revised Payment Received]

Black Hills - Heat Share - Oct 2018 REVISED.pdf

Divisional Finance Manager The Salvation Army Western Division Headquarters Phone: (402)898-5950

Dear Linda,

After several attempts I got a whole of Brandy Johnson at Black Hills Energy in Lincoln.

Apparently their Accounting Department placed \$41,156.76 in the Lincoln/Lancaster BHC account. This was a Walk for Warmth check that is to be split with Hearland Family Services. They will send us a corrected statement as soon as they can. They thanked me for catching this. I will redo my income/expense statement as soon as I receive the corrected statement.

Have a great weekend !!!

Assistant Divisional Social Services Director - Corps Western Division of The Salvation Army 10755 Burt Street Omaha, NE 68114

Subject: United Way Reporting

Hi Ruth,

I'm using the detail ledger reports from Shelby for acct #'s 410 and 412 while filling out a United Way Utility Report for July 1st through December 31st

I'm showing the following;

Heat Share

412/ ap 00134 - 9/30 - 282.04 and 314.63 ap 00007 - 10/29 - 2,286.26 ap 00012 - 11/12 - 1,141.21 ap 00025 - 12/17 - 1,320.00 and 1,168.77 for a total of \$6,512.91

LES/Utilities 412 ap 00134 – 9/30 – 536.00, 878.00, 456.00 and 300.00 For a total of \$2,170.00

Considering account 412 has \$34,364.34 expensed to non-exempt employee salaries alone I want to be 100% sure those Heat Share and LES numbers are correct (which I'm at 99%).

Can you please verify that I'm getting my figures right by using the Detail Ledger in SHELBY.

Thank you so much, Brian Williard Administrative Assistant The Salvation Army Lincoln Corps 402.474.6263 ext. 1524 Re: Revisions

Subject: Revisions

Hi Howard,

I thought it was crazy that Major wanted to copy over numbers when some like Kettles obviously can't be right. If we are done with Kettle Season and made \$225,000 then it is impossible to get another \$35,000 unless we set out Kettles again and pray the Lord magically deposits money into them! The Heat Share on revenue and expenses is also a NIGHTMARE....we have \$103,000 in our heat share account and as far as I know that doesn't include the \$16,000 from Black Hills for a one time Walk for Warmth event (INVOICE 100119 on 10.01.2019 \$16,347.78). That's a ton of deferred revenue and we should keep getting \$5,000.00 a month for another 7 months. That puts us at \$154,000.00 at fiscal year end because we don't spend any of that money.

I also just got this in my email:

Hello Brian,

The local EFSP board plans to meet on Wednesday, March 11th to discuss spending progress for all funded LRO's. Could you please send me an update by Monday, March 9th of Salvation Army's spending progress thus far?

This is usually a simple statement such as: Remaining funds to spend: \$_____. Utility assistance provided to ______ households. Will be fully spent by March 31, 2020.

That is, unless you are already fully spent, if you are you can simply say : Fully Spent, Provided utility assistance to _____ households.

In your application you projected to serve 25 households with utility assistance. If you have questions please feel free to ask. Thanks

WE HAVE NOT SPENT ANY MONEY ON LES FOR AT LEAST 6 MONTHS.

I'll see what I can do for you on the pink area's but my hands are pretty much tied. The truth is not always available.

Compliance

Brian Williard <Brian.Williard@USC.salvationarmy.org> Thu 2/27/2020 10:30 PM

@unitedwaylincoln.org>

Hi Ashley,

To:

Can we meet sometime prior to the meetings we'll have for funding on our programs. I have some concerns on our application because it has to be approved by my boss Major Mark Anderson. For example, the Black Hills Energy Heat Share portion of our utility grant. I report the actual numbers but he sets the amount we predict to do (which is way off). I would like a confidential meeting to discuss these things. My authority over these grants is non existent and in title only.

Thanks, Brian Williard Administrative Assistant - Business & Grants The Salvation Army **Re: Meeting**

From: Brian Williard <Brian.Williard@USC.salvationarmy.org> Sent: Thursday, February 27, 2020 10:47:47 PM To: The sector of the

Hi Sara,

I'm worried that we are not in compliance with our grants. My boss won't allow me to spend any money and it's weighing heavy on me. Michelle Kuta our Social Service Director was so stressed out about telling everybody no that she missed work often and was fired. I talked to her today and she told me about a family that slept in their car because it was to cold. She had to tell them no when they wanted their bill paid. We have over \$100,000.00 in deferred revenue from Black Hills Energy. This is only one example. Before I quit my job I want to right the things we do wrong and have my boss fired so that we can do things right again.

When are you available to meet?

Thanks, Brian Williard

Transcript with Internal Auditor for The Salvation Army-at Divisional Headquarters regarding fraud.

Me: How can they go about not fire somebody if there doing a bunch of bullshit? (about DHQ not being willing to fire ANY Major)

Howard: I don't know. I'm just telling you what the history is. I've been here 10 years and they've fired one person (Major) and that's because they were stealing.

Me: So, what should I do then, do you think I should just continue what I'm doing? And just keep records?

Howard: That's what I would do. Keep doing what you're doing. Keep working on him, and keep saying something, and if he ever lets you go because you voiced your opinion on something that's not ethical, um... then I would....(inaudible). That one contract for \$10,350 (Lancaster County Grant), he could have spent all of that the case worker.

Me: He can.

Howard: According to what I read.

Me: That's why he had me put that. (the Lancaster County Grants expense budget was entirely dedicated to case worker's salary (I think this was overlooked by the Government when the application was submitted). But when I talked to them, they didn't seem very happy about that. And also, in the contract it says we're supposed to help 1,400 people though (the entire utility budget not just the County's funds).

Howard: I didn't see that. So, I shared this with my boss, cause that's, this is kind of a big thing.

Me: Yeah

Howard: I told that, I said Major this is big. I said this could really turn upside down on us real quick, because you got a hundred and some thousand dollars in grants, and I said they haven't expensed hardly any of that.

Me: Yeah

Howard: What I don't like is we expense a lot of things, but we don't give out assistance. And what we raise in kettles and all that other stuff basically. Basically, if we don't grant it they don't give it out (no donations are spent on Direct Assistance to Individuals at The Lincoln Corps). Some do, some don't.

Me: Yeah

Howard: Just be careful cause I can tell you that, I know this from experience, if it comes down to it, your word against his, you better have all the documentation. Cause if it comes down to your word against the Officers, they're going to take their side 99% of the time.

Me: Ok

Howard: And uh, and uh.

Me: Yeah but

Howard: Even if you're right. You can be totally right.

Transcript with Internal Auditor for The Salvation Army at Divisional Headquarters regarding fraud.

Me: How can they go about not fire somebody if there doing a bunch of bullshit? (about DHQ not being willing to fire ANY Major)

Howard: I don't know. I'm just telling you what the history is. I've been here 10 years and they've fired one person (Major) and that's because they were stealing.

Me: So, what should I do then, do you think I should just continue what I'm doing? And just keep records?

Howard: That's what I would do. Keep doing what you're doing. Keep working on him, and keep saying something, and if he ever lets you go because you voiced your opinion on something that's not ethical, um... then I would....(inaudible). That one contract for \$10,350 (Lancaster County Grant), he could have spent all of that the case worker.

Me: He can.

Howard: According to what I read.

Me: That's why he had me put that. (the Lancaster County Grants expense budget was entirely dedicated to case worker's salary (I think this was overlooked by the Government when the application was submitted). But when I talked to them, they didn't seem very happy about that. And also, in the contract it says we're supposed to help 1,400 people though (the entire utility budget not just the County's funds).

Howard: I didn't see that. So, I shared this with my boss, cause that's, this is kind of a big thing.

Me: Yeah

Howard: I told that, I said Major this is big. I said this could really turn upside down on us real quick, because you got a hundred and some thousand dollars in grants, and I said they haven't expensed hardly any of that.

Me: Yeah

Howard: What I don't like is we expense a lot of things, but we don't give out assistance. And what we raise in kettles and all that other stuff basically. Basically, if we don't grant it they don't give it out (no donations are spent on Direct Assistance to Individuals at The Lincoln Corps). Some do, some don't.

Me: Yeah

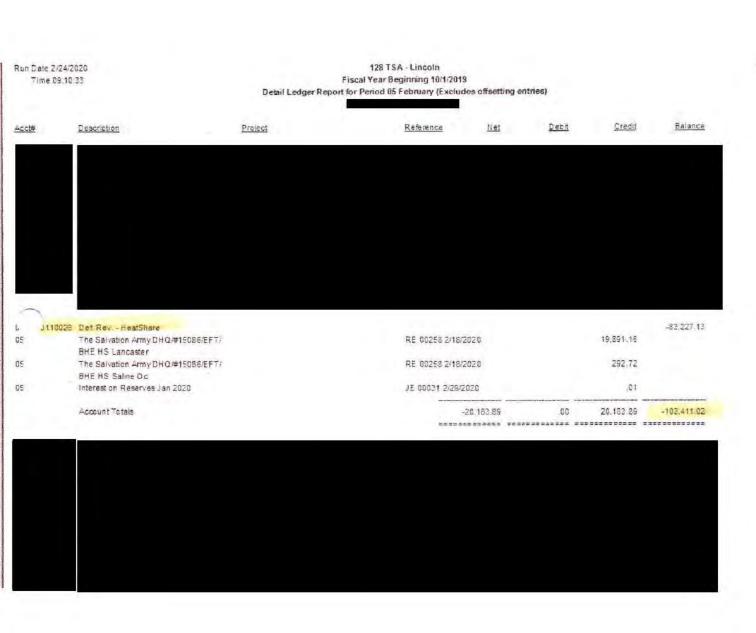

Howard: Just be careful cause I can tell you that, I know this from experience, if it comes down to it, your word against his, you better have all the documentation. Cause if it comes down to your word against the Officers, they're going to take their side 99% of the time.

Me: Ok

Howard: And uh, and uh.

Me: Yeah but

Howard: Even if you're right. You can be totally right.

DHQ processes BHE funds for payment to the various units upon receipt of the funds from BHE. Sometimes there is a delay in the receipt of the funds from BHE, but in general, we should receive the funds for a given month (e.g. June) by the end of the following month (e.g. July) and process those to the units. TSA does not control the receipt of the funds from BHE nor the amounts they collect. These are contributions from BHE customers and employees and BHE matches the contributions as well. While I note a slight dip in the funding level to Lincoln, I do not see the numbers you have referenced in your email to Gail. I've copied Howard and Keiko on this response and you may want to follow up with them on where and how the funds are recorded on the corps accounting records.

Thank you.

Daniel Russell Assistant Attorney General Consumer Protection Division Nebraska Attorney General's Office 2115 State Capitol Lincoln, NE 68509

Dear Daniel,

Thank you for the opportunity to provide concerns regarding the Salvation Army of Lincoln. One of us had the opportunity to visit with Attorney General Doug Peterson in October and he encouraged this complaint be submitted.

Based on the premise that a non-profit is intended to serve the public good, we feel The Salvation Army falls short of Protecting the Good Life in Nebraska and are concerned about the current funding efforts, transparency and lack of internal controls in serving the Lincoln community.

The following is a summary of our concerns:

Discrimination

Religious discrimination: Observations and reports indicate Majors Mark and Susan Anderson, Corps Officers, Western Division, Salvation Army, based in Lincoln, treated staff members that are not affiliated with The Salvation Army church differently. Differentiation consisted of attendance requirements, financial oversight, discipline, employee voucher distributions, free concert ticket allocations, company vehicle use for personal use, office supply usage, purchase approval process, company owned furniture given to church members, work load accountability and performance.

Racial discrimination: Racial discrimination was observed from Mark Anderson to African American staff members. Discrimination consisted of work load expectations, verbal treatment, accountability, budgetary requirements and hostile work environments. Furthermore, excessive workload was placed on the racially diverse community center team members while church associated team members did not have the same workload requirements or expectations.

1

Gender discrimination: Verbal reference and unfair treatment from Major Mark Anderson.

Internal Accounting Practices and Operations

Lack of internal control: Lack of institutional control of internal accounting practices were observed and internal attempts were made to resolve and improve financial transparency. In our observations and reports, there are documented efforts and indications of employee sabotage, intimidation, harassment and hostile work environment for Lincoln Corps employee's by Officers and DHQ employees when addressing these concerns. These concerns were shared with Mark Anderson, Susan Anderson, Divisional Headquarters Accounting team and the Divisional Finance Board.

Some examples of internal control concerns are the following:

- Inaccurate cash logs to pay invoices
- Reconciliations errors and inaccurate year end reports
- Inaccurate check amounts, payee and payee addresses processed by Divisional Accounting team
- Disproportional assessments applied to the Lincoln Corps by the Divisional Finance Board in relation to other locations.
- Lincoln Corps was required to approve and pay Divisional Headquarters invoices without supporting invoice documentation.
- Duplicate invoices paid by Divisional Accounting.
- Inconsistency in Black Hills Energy Heat Share funds calculations and approvals.
- Unauthorized invoice's being paid by Accounting.
- Inconsistent payroll records distributions by the Divisional Accounting team to Lincoln Corps.
- Divisional Accounting team over charging support services to the Lincoln Corps.

Please Note: The above and additional internal accounting deficiencies were not identified on the external audits as the Lincoln Corps employees were not allowed to be directly involved with the external auditors to identity and address noted internal concerns. As a result, the external audits do not accurately reflect key internal accounting concerns. Mark Anderson, Sue Anderson and Sandy Hartley were communicated on various inaccuracies, inefficiencies and ongoing concerns of donor funds being wasted.

Gift in Kind Valuation: Gift in kind valuations by Mark Anderson and Susan Anderson were inconsistent in valuations methods and as a result, financial reports and seasonal 2017 bell ringing income provided a more favorable view than actual income received. There are concerns to their valuation methods per IRS guidelines.

Petty Check Requests: Personal and business expenses by Mark Anderson and Susan Anderson did not follow the purchase order process. Additionally, these expenses were submitted for reimbursement without another approving signature as required on the petty check request form. Concerns with the lack of institutional control of expenses and transparency.

Restricted Donations: Concerns that restricted donations are not consistently processed timely or in accordance to donor's request. Two examples of restricted donation concerns are the following:

- \$10,000 (Girl Empowerment)
- \$100 (Small Fry guest speaker) donation that were designated for Small Fry.
 Please Note: At the direction of Mark Anderson, these funds were reallocated for payroll expenses and petty cash use.

State Funds: Susan Anderson directed the community youth team to have all kids pray during a state funded meal program. Youth leaders were directed to take kids outside in the hall by the door if they choose not to pray.

Kid Cruising Kitchen: The Salvation Army was not awarded a large grant and it was reported that Mark Anderson adversely impacted this grant opportunity. Reports of chauvinism by Mark Anderson towards staff and grantors were noted and his verbal stance to not share grant funding with our community partners at the Lincoln Food Bank was clearly communicated.

In an attempt to replace this income, Mark Anderson attempted to solicit replacement funds from donors for this summer feeding program in an inaccurate and completely dishonest manner.

Personal Expenditures: Mark and Sue Anderson purchased furniture and other items without following the purchase order process or receiving approval by the Advisory Board members. An example was a sectional, purchased on 6/12/18 in the amount of \$1,899.99 (including delivery). At this time, funds were being restricted for staff supplies and the summer feeding program. We have concerns on these types of expense when services and funding to community programs were reduced or eliminated due to low income during the summer months.

Hostile Work Environment/Bullying Officer Behavior: On numerous occasions, staff members and volunteers were yelled at in front of external clients, volunteers and employees by Susan Anderson. This action created a harassing, intimidating and hostile work environment for volunteers and staff members. Additionally, reports of employee sabotage in the work environment is a common occurrence and numerous internal efforts were attempted to address and resolve these issues without success.

During resolution, reports of bullying and intimidating efforts were demonstrated in dialogue with the Lincoln team members. Advisory Board members witnessed shouting at special needs employee.

Lack of financial transparency: Transparency of financial reports were not offered to the Advisory Board members and community.

The following are noted concerns:

- Accuracy of all donations being allocated and spent on the designated programs.
- Annual budget details were not shared with Advisory Board members. The fiscal year 2019 budget was signed by (1) Advisory Board Member and (1) Core Council member and Mark Anderson on 7/24/18 without presenting budget to all board members for review and approval.
- The Lincoln Advisory Board has not received 2019 budget details from Mark Anderson after multiple requests.

Human Resources Transparency: Human resources policies and procedures were deleted off the Lotus Notes database by Patti Sherwin (HR director) between 2017 and 2018. An employee handbook and brief addendum remained online for HR related issues which did not provide the supporting details for handling specific Human Resources related concerns. Our concerns are the lack of internal controls, consistency and transparency in handling human resources issues. After School Feeding Program: The After-School feeding program staff were supplied moldy food to feed snacks and/or meals to kids. The community center staff removed the moldy food in an attempt to serve edible snacks and meals. Specific donations were solicited and received for this feeding program but not consistently allocated directly to the program.

Additional concerns on the treatment of meals and funding for religious events versus the youth programs. We are concerned that funds are being misappropriated and donor solicitations for the youth feeding programs are misleading the community.

Lincoln Staff Transparency: Mark Anderson and Susan Anderson began reclassifying the Lincoln community staff to reduce and eliminate benefits without communicating impact to staff members. During reclassification, staff were being expected to work over 20 hours a week but were being reclassified as seasonal/temp and working less than 20 in an effort to reduce eliminate pension, sick time, holiday pay, vacation time and other benefits. We feel Mark Anderson and Susan Anderson violated a moral obligation when employees were reclassified for less hours than actually being expected to work.

Furthermore, Human Resources were aware of this reclassification attempt to reduce expenses without accurately reflecting hours worked. This knowledge conflicted with the employee handbook and since deleted policies and procedures by Patti Sherwin (HR Director).

Estate: Legal concerns on the handling of the pairs and overall condition of the occurred in 2018. Additional concerns on the transparency of repairs and overall condition of the property were not presented to the Advisory Board members when approving estate related activity.

Lack of Transparent Communication: Communication and inquires by multiple Advisory Board members to Mark Anderson was continuously denied. Decisions were made with little or no communication with the Advisory Board input. This includes the following:

- Financial Transparency
- Dismissal of key personnel
- Lack of transparency of officer's quarters inventory
- Inaccurate accounts of personnel issues
- Reference to the Salvation Army becoming a Citadel
- Significant personal expenditures
- Lack of information regarding programming
- Lack of interest in developing board agendas and goals
- Intern housing allowance and allocation of funding.

We are greatly concerned with multiple issues, including the lack of transparency and treatment of personnel, volunteers and those being served by the Lincoln Salvation Army. Please understand this is just a snapshot of the issues that have witnessed and experienced. We are hopeful to have the opportunity to share more information and insight as an investigation is launched.

Please let us know if you have any questions.

Sincerely,

1930 E. Bermuda Drive

Making a Difference & Measuring Outcomes

Nonprofit organizations should have a written mission statement communicated to those within the organization and the larger community, through the organization's advertising (e.g. website), financial statements, annual reports, meetings, etc.

73

The directors and executives of a nonprofit, along with the organization's board members, should be able to articulate easily whether the organization is doing the following:

- Serving its nonprofit mission and making a difference in the community; and
- Serving as a good steward of the time, money, and other charitable contributions entrusted to them by donors. <u>PerformWell</u>, <u>StrengtheningNonProfits.org</u>, and <u>Guidestar</u> offer tools that allow organizations to measure their effectiveness.

A comprehensive evaluation system can help the organization measure the impact and effectiveness of its programs and services, while providing valuable insight to the board and executive leadership.

For more information or guidance, these websites offer some valuable insights.

Transparency in Operations

Nonprofit organizations should be transparent regarding their operations and the value they add to the community. To that end, nonprofits should do the following:

74

- Establish, achieve, and regularly measure clearly defined levels of performance in their activities and share those results with the public.
- Be honest in solicitation materials communicating truthfully and clearly with donors about how their gifts will be or have been used. Failure to do this may result in a violation of <u>Neb. Rev. Stat. §</u> 87-302(a)(21).
- Adopt an executive compensation policy to ensure that the full board is aware of, and approves, the compensation of the executive director or CEO. Organizations should post compensation information for the executive director/CEO and other executive employees on the organization's website.
- Adopt an expense reimbursement policy that requires prior approval when possible, allows reimbursement only for expenditures related to furthering the organization's mission, and limits expenses to what is reasonable.
- Adopt a whistleblower policy where employees or members of the public can anonymously report concerns or complaints. Adopt an internal policies to ensure those concerns or complaints are investigated appropriately and responded to swiftly. Smaller organizations that lack the resources or personnel to execute this type of compliance program should consider using a third-party service provider or legal counsel to perform these services.
- Make their IRS Form 990s, audited financial statements, annual reports, and governance policies available on their website and to the public upon request.

Board Orientation & Training

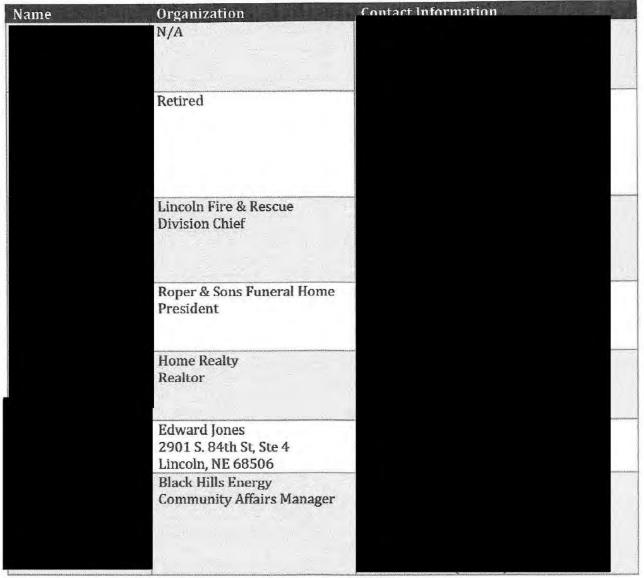

Prior to joining a board, prospective board members should be knowledgeable about the mission, goals, and structure of the organization. An onboarding process should provide each board member with a comprehensive overview of (a) his or her anticipated responsibilities; (b) how the nonprofit operates; and (c) the latest financial statements and Form 990 filings. Once installed, board members should be provided with routine updates on operations and how the organization's programs meet the goals set by executive leadership. Moreover, board members must be familiar with the organization's revenue, operating expenses, compensation structure and figures, and the percentage of the organization's revenue being spent on its mission. This is best accomplished by providing board members regular financial statements for the organization and seeking their approval for the organization's annual budget. Board members should also monitor the organization's overall operations and community impact, ensuring the organization is fulfilling its charitable purpose and donor money is being spent in a manner consistent with that purpose. Annual training surrounding a board member's legal responsibilities, especially as outlined in <u>Neb. Rev. Stat. § 21-1986</u>, provides valuable education to board members and counsel for the organization.
