

Accelerate Your Global Cybersecurity Market Entry

PRESALE1: Global Go-to-Market Acceleration Retainer

Presale1 offers a specialized, full-stack Go-to-Market (GTM) team, led by Eyal Weintraub and Ami Hofman, to secure immediate global pipeline velocity for your cybersecurity solution. The competitive cybersecurity landscape requires an authoritative, unified sales and business development engine beyond just marketing.

Presale1 delivers a complete outsourced GTM solution through a focused retainer, ensuring **maximum visibility, validated leads, and direct access to global decision-makers**. This service is designed for rapid market impact, bundling critical services that represent a significant value capture multiplier for the vendor.

Unmatched Global Reach & Audience Access

Presale1 provides immediate quantitative leverage by connecting your solution directly to premium audiences:

- **Proprietary Enterprise List:** Direct access to an email distribution list of approximately **30,000 potential Enterprise customers** globally. This includes coverage of 90% of all Enterprise organizations in Israel, which is a small segment of the global subscriber base.

- **Operational Sales Records:** Leverage **40,000+ operational sales records** within the Presale1 Monday system for systematic global selling.

- **International Footprint:** We are actively executing GTM strategies from our main offices in **Tel Aviv, Israel, and Florida, USA**, with established focus areas including **France, the United Kingdom, Australia, New Zealand, Canada, Italy, Spain, Switzerland, Belgium, the Netherlands, and India.**

- **Global Authority Transfer:** Your brand benefits from the credibility of our Advisory Greenhouse, where senior consultants (like **Mauro Israel** and **Ami Elazari**) vet product maturity before committing to external endorsement and promotion—serving as a powerful third-party validation in the risk-averse cyber market.

Limited-Time Accommodation Offer & Terms
