## How to set up Hot Keys in STB Emulator

Note: Please turn OFF your Air Mouse as it is NOT compatible with STB Emu

Hot Keys are like Keyboard shortcuts, that will allow you to access commonly used features in STB Emulator, and this will enhance your experience with the app itself. If you follow the directions below this will give you access to the coloured options across the bottom of the STB Emulator screen.

Open STB Emu

Where are the Hotkeys found?
