

Nurse Assistant Training (CNA Program)

A Certified Nurse Assistant (CNA) is responsible for assisting patients with activities of daily living (ADL) tasks. Nursing Assistants provide very important needed basic nursing care services to their resident and or patients. While under the supervision of a Licensed Vocational Nurse (LVN) or Registered Nurse (RN). They serve as a conduit between patients, nurses and doctors. CNA's also record vital information and communicate all issues to nursing staff. They play a valuable role to the nursing profession as a whole.
