

Junior Warriors Program
2025-2026

Who are the Sioux City Warriors?

We are Christian parent-run homeschool basketball team for players in grades 3rd-12th. We practice twice a week in Sioux City and travel to play other homeschool basketball teams in Iowa, Nebraska, and Kansas.

Why do we do it?

Our mission is to teach players about teamwork through basketball and to provide a Christian community for families to build healthy and long-lasting relationships.

Why a Junior Warriors program?

We want to provide an opportunity for players to improve their basketball skills and build relationships with other families before middle school so they will be more prepared to join our team when they get older.

What will it look like?

Our plan is to have around 6-8 weeks of practice beginning in mid-December through early to mid- February. We will focus on basic basketball skills and game rules and provide opportunities to scrimmage. This will prepare the players to participate in games played at our home tournaments in January and February.

Who can participate?

Since we are focusing mostly on basic skills, this program is designed for all homeschool players between 3rd-5th grade and players in 6th grade that have not played before.

We're interested. How do we find out more?
