

OCTOBER DCM REPORT

Hi everyone! I'm Rose and I'm an alcoholic serving as your Panel 75 DCM.

Well, we've made it to October, and since it's Thanksgiving morning when I write this, I'm taking a moment to count my blessings. Most of us have worked together for ten months, and I'm grateful that the business of the District is running smoothly. We've filled all the District chair positions, organized an upcoming workshop, and new GSRs are stepping up. Groups are supporting us financially, and we're maintaining a local inventory of AA literature.

Moreover, we're getting AA into treatment centres and conducting outreach within the community. We're keeping groups connected to AA as a whole, offering workshops, and keeping records of our business. All of this to ensure that AA is available locally to the alcoholic who still suffers..

I'm also grateful to the Rally and Gratitude Day committees for providing an opportunity for members to find their service skills. The District committee is a recipient of their energy and support.

Most of all, I'm thankful for you. I'm thankful for your willingness to step into service and your dedication to your individual positions. Without your contributions, District activity would falter, and AA would suffer.

We have so much more to do, but today I acknowledge you.

In service,

Rose
