CONTROLLED PHONE CALLS FOR CRIMINAL INVESTIGATIONS

Give victims a voice and strengthen prosecution with the only controlled phone call training for criminal investigators. A veteran homicide Sergeant breaks down four controlled calls to identify the preparation, creation, and execution required for success.

Join us for 2 hours of online on-demand training focused on controlled, or pre-text, phone calls, including discussions focused on:

- State Laws and Jury Instructions
- Victim Capabilities
- Equipment Needed
- Importance of Call Location
- Phone Call Preparation
- Four Case Examples
- Distant Victims
