

**Protect Your  
Investment**

# **Beyond Telemetry Smart RV Systems**

**Email Alerts  
Upon Motion Detection**

Instant Alerts.  
Weekly Reports.  
**Complete Peace of Mind**

**Remotely monitor your RV, trailer, or camper while in storage.**

Get real-time alerts and comprehensive weekly reports  
sent directly to your Email.

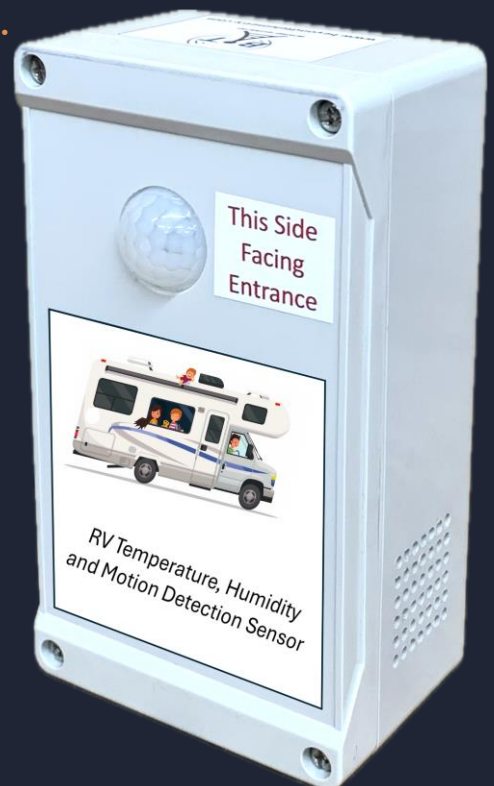

***BT Smart RV Systems are easy to use  
and highly effective.***

**Here's how it works:**

- Sign up with your storage facility
- Receive assigned RV transmitter
- Place the transmitter in your stored RV at the facility
- Receive alerts via email for any movement in your RV
- Receive weekly reports on temperature and humidity readings

**Alerts and Weekly Reports**

- Did someone move into your RV?
- Are they damaging to your investment?
- Has the humidity in the RV increased?
- Could there be a water leak?
- Is the AC unit working when you're not present?
- Is it too hot damaging furniture?
- Did it freeze last night?

**Sent Directly From  
Your RV, Camper or Trailer**

**Email Alerts  
Upon Motion Detection**
