

TownshipFacing Summary: Logan County Sales Tax Levy Renewal

Overview

The Logan County Sales Tax levy is up for renewal on the November ballot. This is **not a new tax**, and **no rate changes** have been made. Renewal maintains the current funding structure that supports roads, bridges, stormwater improvements, public safety, and countywide development efforts.

Townships receive a dedicated portion of levy revenue that directly supports local transportation infrastructure.

What Townships Receive

If renewed, the levy will continue to allocate **20% of all revenue directly to township roads, bridges, and stormwater improvements within the public rightofway.**

Township funds may be used for:

- Road resurfacing and maintenance
- Bridge repair or replacement
- Culvert and drainage improvements within the rightofway
- Stormwater management projects
- Other permanent improvements that meet statutory requirements

These funds help townships maintain safe, reliable transportation networks without increasing local taxes.

Full Levy Distribution

For transparency, the levy revenue is distributed as follows:

- **25%** – County roads, bridges, and stormwater improvements (rightofway only)
- **25%** – Sheriff's Office safetyforces services, equipment, and permanent improvements
- **20%** – Township roads, bridges, and stormwater improvements (rightofway only)
- **20%** – City and village roads, bridges, and stormwater improvements (rightofway only)
- **10%** – Economic development and landuse planning

Why This Matters for Townships

Township transportation systems rely heavily on levy revenue. Renewal ensures:

- Continued funding for resurfacing and maintenance
- Predictable support for stormwater and drainage improvements
- Reduced pressure on township general funds
- Ability to plan multiyear road programs
- Stable support for longterm infrastructure needs

TownshipFacing Summary: Logan County Sales Tax Levy Renewal

Without renewal, townships would experience a reduction in available funding, requiring adjustments to road programs or identification of alternative revenue sources.

What Residents Should Know

Township officials may receive questions from residents. The following points help provide clear, factual information:

- This is a **renewal**, not a new tax.
- Renewal **does not increase** the sales tax rate.
- Funds support **permanent improvements** and **public safety** across the county.
- Townships receive a **dedicated 20% share** for roads, bridges, and stormwater improvements.
- The levy appears on the **November ballot** for voter consideration.

Residents should confirm election details with the **Logan County Board of Elections** or other trusted local sources.
