

# 2025 NSW Regional Bowling Tour

## Rankings policy

Ranking points will be allocated to all bowlers who participate in at least one event throughout the year. Ranking points will be allocated based on scratch results in the open rankings and handicap results for the graded rankings.

Where two or more bowlers are tied or eliminated at the same time, the higher ranking point values will be allocated to each bowler. For any matters not covered in this policy, ranking point information will be addressed in the event entry form.

Final rankings for the series will be determined by a bowlers best;

- **Open - 6 appearances in open.**
- **Graded - 6 appearances in graded.**

Where a bowler participates in more events than listed above, only the highest placing within these limits will count towards the end of year rankings.

Points will be allocated based on the rankings point tables set out in this policy.

At the completion of the final tour event, end of year rankings will be used to determine bowlers that qualify for the 2025 NSW RBT Finals in both open and graded divisions.

To be eligible for finals, bowlers will need to have participated in 6 or more events throughout the year or request an exemption to this criteria with a valid reason. The exact details including dates, venue and number of qualifying players will be confirmed throughout the year. Events participated in the other division will count towards this eligibility, however only points gained within the respective division can be used in order to position the bowler high enough to qualify.

End of year tour prizes will be confirmed when additional information is released on the NSW RBT Finals for 2025.

Standard points table								Doubles points table			
1st	100	26th	14	51st	7	76th	3	1st	90	26th	7
