# FOGGER SANITIZER SYSTEM

Effectively kills bacteria, mold, and viruses in hospitals, homes, schools, gyms, ambulances, buses. Etc.  
Our quality fogging disinfection system kills **99.9%** of pathogens.

# SANITIZING SPRAYER SYSTEM

- ✓ **AIRLESS** sprayers provide effective disinfecting by completely coating surfaces to meet required dwell times.
- ✓ **DELIVER** consistent atomization and coverage within a sheet of spray to disinfect and sanitize efficiently.
- ✓ **FASTEST** disinfectant available in the market. Ready to use in minutes.

- **CAPABLE OF RE-USING SPACE AFTER AN HOUR.**
- **DELIVERS DISINFECTANT TO PLACES THAT MIGHT OTHERWISE BE OUT OF REACH.**
- **EPA APPROVED FOR USE AGAINST COVID-19.**

In moments of crises, it is important to work together to overcome the problems we face. We are compromised into helping our community combat the **COVID-19** pandemic.
