> 1977 (18.11) **human debut** * *passions: good mood, laughter (a rather contagious version!), joy kicking, escaping from clothes ...* * **main personality traits: curiosity, infectious appetite for life, passion for laughter and playing ...**

> 1980-1984 **educational debut** (kindergarden) * *passions: artistic drawing (from 4-5 years, with anything - on anything - anytime - anywhere - no matter how much!...), moulding, building & disassembling (various objects, toys), comic books (Rahan), children (especially those of the same age), animals & nature (live and/or toy replicas), television shows (cartoons, kids shows), sport activities (roller skates, bicycle, football, archery ...), toys, sweets, a lot of questions about anything (animals, nature, peoples, fictional characters, things ...)* ... * **main personality traits: altruism, curiosity, appetite for life & playing, competitive spirit, determination, patience, perseverance, meticulousity** ... * **main personal preoccupations: need for affirmation** * **skills & training: drawing (artistic), sport activities (football) ...**

> 1984-1992 **gymnasium** (school no. 142) * *passions: artistic drawing, moulding, sculpture, building & disassembling (various objects, toys), comic books (Rahan), children (mostly the same age), animals & nature (live and/or toy replicas), television shows (movies, TV series, cartoons, kids shows, sport shows), sport activities (football, bicycle, table tennis, volleyball, basketball, chess ...), studied domains (mathematics, manual labour), toys, sweets, more questions and occasionally even personal "theories & philosophies" ...* * **main personality traits: altruism, curiosity, appetite for life & knowledge (mostly through playing & games), competitive spirit, determination, patience, perseverance, meticulousity, perfectionism, humor** ... * **main personal preoccupations: quasi-constant wish of growing up & being responsible / reliable** ... * **skills & training: drawing (artistic), sport activities (football, table tennis), exact sciences (mathematics), foreign languages (english - semi fluent, rusian - beginner), taste for teaching (first "signs & attempts") ...**

> 1992-1996 **highschool** (Eugen Lovinescu) * *passions: artistic drawing, moulding, sculpture, building & disassembling (various objects, toys), comic books (Rahan), children (any age), animals & nature, television shows (movies, TV series, cartoons, sport shows, science shows), sport activities (table tennis, martial arts, basketball, football, volleyball, chess ...), studied domains (physics, mathematics, biology, anorganic chemistry, english, italian, geography), sweets, less questions + more personal "theories & philosophies" ...* * **main personality traits: altruism, curiosity, appetite for life & knowledge, competitive spirit, determination, patience, perseverance, meticulousity, perfectionism (acute), humor** ... * **main personal preoccupations: quasi-constant wish of growing up & being responsible / reliable, need for personal elucidation** ... * **skills & training: drawing (artistic), sport activities (football, table tennis, basketball), exact sciences (physics, mathematics), foreign languages (english - fluent, french - beginner, italian - semi fluent), teaching inclinations (first feedbacks) ...**

> 1996-2002 **architecture & urban planning college** (I.A.U.I.M - Bucharest) * *passions: computers & periferics (hardware & software: games, softwares for 2D/3D/4D graphics, modeling and image/video processing), technology, technical & artistic drawing, sculpture & modeling (scale models), architecture, urban planning, interior & exterior design, landscaping, object design, children (performance ballroom dance instructor), animals & nature, television shows + internet (movies, TV series, cartoons, science shows, sport shows), sport activities (table tennis, performance ballroom dancing - 6 years intensive, basketball, football, chess ...), studied domains (mathematics, construction materials, english, italian), sweets, lots of questions + much more personal "theories & philosophies" ...* * **main personality traits: altruism, curiosity, appetite for life & knowledge, competitive spirit, determination, patience, perseverance (inward focus), meticulousity, perfectionism (acute), critical spirit (quite incisive), humor** ... * **main personal preoccupations: wish of growing up & being responsible / reliable, need for personal & professional elucidation** ... * **skills & training: complex drawing (artistic + technical), moulding / scale modelling, working with computers & periferics (hardware & software) - initiation & specialization with dedicated / specialized softwares (Autodesk 3D Studio MAX - medium / Autodesk AutoCAD - beginner / Graphisoft ArchiCAD - beginner / Adobe Photoshop - medium / Macromedia - beginner / Microsoft Office - beginner ...), foreign languages (english - fluent, italian - fluent, french - beginner), sport activities (ballroom dancing, table tennis, basketball, football), exact sciences (physics, mathematics), teaching inclinations (first successes @ various domains), management, organizing & communications (theoretical studies), driver's licence cat. B (1997) ...**

> 2002-2013 **professional debut** (active & paid since college - 1999) with numerous (100+) projects / works / presentations / collaborations within various domains (architecture, urban planning, interior & exterior design, landscaping, object design, publicity creations) + sketches / concepts / ideas / theories & experiments (inventions) relative to the same fields of work and others (free time) + multiple & sustained involvements as a ballroom dance instructor (all ages) + tutoring (mathematics, physics) * *passions: computer & periferics (hardware & software: softwares for 2D/3D/4D graphics, modeling and image/video processing, graphical/game engines), technology, drawing as a complete tool (artistic & technical - sketches and drawings for any project, concept, idea, theory), moulding & scale modelling, architecture, interior & exterior design, urban planning, landscaping, object design, children (performance ballroom dance instructor), animals & nature & people, television shows + internet (movies, TV series, cartoons, science shows, sport shows), sport activities (martial arts, table tennis, performance ballroom dancing, swimming, chess ...), mathematics & physics (applications @ architecture & construction + private tutoring), relatively less questions + multiple personal "theories & philosophies" (some even brought up to practical applicability standards) ...* * **main personality traits: altruism, curiosity, appetite for life & knowledge, competitive spirit, determination, patience, perseverance (inward focus), meticulousity, perfectionism (very active, but controllable), critical spirit (actively focused towards constructivity), vision, clarity, distributive attention, humor** ... * **main personal preoccupations: wish of keeping responsible / mature and for refinement & accomplishment, personally & professionally** ... * **skills & training: complex drawing (artistic + technical), moulding / scale modeling, working with computers & periferics (hardware & software) - experience with dedicated / specialized softwares (Autodesk 3D Studio MAX - advanced / Graphisoft ArchiCAD - advanced / Google Sketchup - advanced / Adobe Photoshop - advanced / Refractive Software Octane RENDER - advanced / Corel DRAW - medium / OpenOffice.org - medium / Microsoft Office - medium / Adobe Acrobat Reader - advanced ...), foreign languages (english - fluent, italian - semi fluent, french - beginner), sport activities (performance ballroom dancing, table tennis, football), exact sciences (mathematics, physics), teaching inclinations (multiple results @ various domains), management, organizing & communication (theoretical studies + experience @ team work & collaboration cu various specialties), driver's licence cat. B (80000+ km @ mixed traffic, national & international) ...**

...

CURRICULUM VITAE @ ADRIAN GABRIEL GRAMADA

...

> 2013+ ... **future plans / directions / interests / passions** (short to long term): **profesional line** (architecture, constructions, urban planning, design) driven as sincerely as possible towards notions / terms like: "ECO", "BIO", "GREEN", "self-sufficiency", durable - as much in theory (publishing of dissertations and concepts) as in real-life applications (residential experiments) + **personal line** focused on maximizing my skills & knowledge (oriented both inwards and outwards), refining & completing already existent passions / hobbies: architecture, constructions, urban planning, design, technology, drawing, sports, nature, univers = holistic general knowledge (science + philosophy + faith / spirituality + life experiences) and also maintaining & protecting of my personal & family's health ("wellness"), while persisting with my favorite sport activities (martial arts, table tennis, swimming, chess, basketball, volleyball, football) ...

...

> 2013+ ... future plans / directions / interests / passions (short to long term): **profesional line** (architecture, constructions, urban planning, design) driven as sincerely as possible towards notions / terms like: "ECO", "BIO", "GREEN", "self-sufficiency", durable - as much in theory (publishing of disertations and concepts) as in real-life applications (rezidential experiments) + **personal line** focused on maximizing my skills & knowledge (oriented both inwards and outwards), refining & completing already existent passions / hobbies: arhitecture, constructions, urban planning, design, tehnology, drawing, sports, nature, univers = holistic general knowledge (science + philosophy + faith / spirituality + life experiences) and also maintanang & protecting of my personal & family's health ("wellness"), while persisting with my favorite sport activities (martial arts, table tennis, swimming, chess, basketball, volleyball, football) ...

EDUCATION

- 1992-1996 Lycée Theorétique EUGEN LOVINESCU, Bucarest, Roumanie (4 ans | profil physique - mathématique)
- 1996-2003 Université Architecture et Urbanisme ION MINCU, Bucarest, Roumanie (6 ans | profil architecture, design & urbanisme)

FORMATIONS

1984-2021

- architecture, urbanisme, design paysagere, design interieur, aménagements et décorations, design d'objet & produit, design graphique, maquettes, illustrations et présentations, dessins techniques et à main, graphique publicitaire, graphique WEB
- management petites entreprises et travail en equipe / theorie de systemes (5+ ans)
- matériaux et technologies de construction (10+ ans)
- sciences exactes (mathématiques, physique, chimie, biologie) (10+ ans)
- anglais (30+ ans), français (15+ ans), italian (2+ ans), roumain (nativ)
- danses sportives / salon (6+ ans competition et 10+ ans instructeur)

CREATIONS

1999-2023

projets et suivi chantier, meubles & objets divers, concepts / prototypes / inventions (architecture et urbanisme, design paysager, design intérieur, aménagements et décorations, design produit, design graphique / WEB, présentations, publicité & marketing) (20+ ans)

COMPÉTENCES

1996-2023

configuration, maintenance, réparations, utilisation - 2D/3D/4D graphique (15+ ans)

Windows
Office (Word, Excel, PowerPoint)

Sketchup + Layout / Enscape
ArchiCAD

Acrobat Reader
reseaux sociales & Internet

3D Studio MAX (mentalray / Octane RENDER)
Photoshop, Illustrator, Premiere
...

assistance & suivi de chantier (20+ ans), petits travaux de maçonnerie, bricolage

(10 + ans) permis cat. B (25+ ans experience / 500000+ km)

danse sportive (6+ ans competition et 10+ ans instructeur)

PASSIONS

- architecture & design (efficacité, durabilité, ingéniosité, renouvelabilité, ECO, BIO etc.)
- science & technologie (découvertes & innovations scientifiques, etc.)
- sports (art martiaux, danses sportives, tennis de table, fitness, football, basketball, volleyball, badminton, échecs, cyclisme, natation, alpinisme, jogging, etc.)
- media (cinema, musique, reseaux sociales etc.)
