2. Check in time is 12 Noon. Check out time is 11am. Vessels staying past 11am will be charged another day.
3. All vessels will comply with Bahamian laws, rules and regulations pertaining to the operation and maintenance of vessels.
4. No vessel will be operated within the marina basin so as to create a wake.
5. Leeward Yacht Club assumes NO liability for the vessel or any personal property on it while docked at Leeward Yacht Club but has the right to take steps necessary to protect its property as well as the vessel.
6. Leeward Yacht Club has the right to place a lien against any vessel for all unpaid monies due and payable. Leeward Yacht Club has the right to sell any vessel to pay any unpaid debt due to Leeward Yacht Club. The owner shall be responsible for all fees associated with cost to collect unpaid charges included but not limited to attorney's fees, court fees, etc.
7. All tenants must always maintain insurance for their vessels with the policies having general liability coverage in an amount of not less than \$300,000 USD.
8. Black Sound is a "no pump out zone". Each Slip tenant will be responsible for pumping their vessels when necessary, according to international law. Vessels showing unusual leakage must be repaired or removed from the marina, at the owner's sole cost and expense. It is the responsibility of the owner and captain of any vessel showing unusual leakage to report the hazard immediately to the Dockmaster.
9. Should any vessel sink in the marina, it will be the responsibility of its owner to remove the vessel from the marina within 24 hours without cost, expense or damage to the marina. If the vessel is not removed, the Dockmaster will remove the vessel at the owner's sole cost and expense. Owners, captains, crew and their guests will use the utmost discretion in operating main engines, radios, televisions and/or other equipment so as not to create a nuisance or disturbance in the marina area.
11. Advertising or soliciting will not be permitted on or from any vessel moored at the marina, nor will any For Sale, For Charter, For Hire, or any other such signs be placed on any vessels at any time without the express and written permission of the General Manager.
12. Vessel maintenance or repair activities that are reasonably anticipated to result in any discharges or release of oils or greases associated with engine and hydraulic repairs, and release of metal-based bottom paints associated with hull scraping, cleaning, and painting is prohibited. Exceptions will only be made in emergency conditions which have resulted in or can result in the sinking of a vessel. Minor repairs and vessel maintenance that will not cause or contribute to the release of water pollutants and which are performed by owners, captains, crew or qualified marine mechanics are allowed.
13. If a vessel or other equipment is to be loaned to or boarded by people in the absence of the owner, captain or crew, the Dockmaster must be notified in advance to allow the Dockmaster to verify authorization.
