### 4 NJ 2026 BEAR LEGAL CHECK

For a New Jersey black bear, the hunter must immediately attach the Black Bear Transportation Tag to the hide and present the bear at a mandatory check station, where the transport tag is surrendered and a legal possession seal is issued. NJ may require the hunter within 48 hours after check-in to produce the meat or records showing the butcher's location. Blackfoot records the possession seal/check information and accepts only legally possessed bears.
