☐ Missing feathers

☐ Previously skinned

Damage / freezer burn / repair notes

4 FEDERAL TAXIDERMY COMPLIANCE

Migratory game birds accepted for taxidermy must be legally acquired and properly hunter-tagged under 50 CFR 20.36. Federal law requires a taxidermist performing work for others on migratory birds to hold the applicable Federal Migratory Bird Taxidermy permit and maintain source/delivery records. Protected nongame birds are not accepted absent specific lawful authorization. The original custody tag must remain associated with the specimen through return to the owner.
