### 4 FEDERAL MIGRATORY BIRD COMPLIANCE

Federal law requires migratory game birds left with another person for cleaning, processing, storage or taxidermy to carry a hunter-signed tag stating the hunter's address, total number and species of birds, and date killed (50 CFR 20.36). Blackfoot will not accept untagged migratory birds. Processing records should identify the species, location taken, date received, hunter name/address and delivery date. Protected nongame birds are not accepted without specific lawful authorization.
