

VOCALIST FOR SONG

ISO a vocalist for record about 8 lines for a video. This is my first time directing any social media spots like this, and we created an original song and thought it might be nice to add vocals. That being said, we are offering 100/hr for a 2 hour minimum (should actually be really fast!)

The song will be used for an internal video, to be used in the video playing on the TV's at the local Chicago Hotel, and potentially social media spots although we don't know if the lyrics will make the spots considering how short the spots will be. No TV or Radio broadcast, and no usage outside of this job. Sorry it's not more, mainly looking for a friend of Ladie K Productions, Inc./Ladie K Castings who wants to join the family and help us out.

I'd sing it, but honestly, I'm wearing too many hats and I'd love to pass this on to some other talented singer. Please keep in mind this is my first time casting a singer, and this is not my normal world, but I do hope to make more films requiring more vocal talent in the future.

Vocal style: Cabaret, New Wave Jazz, French Jazz, Lounge Singer

Vocal Range: alto-second soprano but open to soprano

Record Date: Flexible but ideally before 5/15.

Submissions: Please record the sheet music. We've attached a clip of the actual song, so you have reference. You can record with or without the music. Please send 2 versions to show range. We are open to a little improv on the second take.

Submissions Due: ASAP- We will close this as soon as I (Director), the client, and the music composer all agree on someone. Early bird gets the worm.
