DESCRIPTIONS (there are a lot so please read them and submit to what makes sense!):

Episode 1 - Sterling and Lenora

Sterling Dante- Male- late 70's, distinguished looking, neat, deep wrinkles, defined face. Often dressed in tailored suits or formal attire, looks polished. Full head of hair, could color it. Cocky, arrogant, loves to be admired. Former big game hunter (mildly successful), plays stock market, appraises model trains.

Lenora- Female-Lenora is a strikingly beautiful succubus who appears to be in her early 40s. Pale skin? Long hair, open to color, but red might be great. Intelligent and accomplished, maybe feels confidence has been shaken a bit. Uncertainty on who she is, seeks a deeper connection, tries to suppress primal urges. She has a recent love of nature, bird-watching.
