

Hi Folks,

I'm seeking two talent for an upcoming shoot for a food company. Talent must be okay being both hand talent and on camera talent, but one is primarily grilling in a social setting, and the other is mainly hands in the kitchen preparing quick meals so cooking skills a bonus. We may also use you for the "social setting" spot though or have shot with your face in it.

I would be prepared to eat this food, so you should not have food allergies or be unable to eat meat.

TALENT #1: GRILL MAN

Primary talent: Man, Black, Asian, Mixed, Hispanic/Latino, age 30-40, comfortable at the grill, relaxed and confident.

TALENT #2: MOM'S HANDS

White woman, 35-45, comfortable in a kitchen setting, feels like a mom. Likely only hands shots are required as of now. Warmth and ease are the moods

RATE: \$700 all in

USAGE: 5 year web and B2B usage, social media, internal marketing, print, potentially broadcast but I'd be really surprised since this is focused on social content and building a library.
