Certified Buildings: require proper anchors to meet wind load requirements as per your local building code, Anchors are not included, but are available for an additional cost, ask your local dealer for more details.

## DISCLAIMER:

 Land must be leveled before installationNOTE: frame work is 1' shorter than roof length on ALL styles (ex. 21' length becomes $20^{\prime}$ long on frame work). We highly recommend the Vertical Roof Option (available on a-frame style buildings only)

## OPTION LIST FOR CERTIFIED BLDGS. UP TO 18' HEIGHT

## QUA:ITY

STEEL BUILDINGS

## NOTE

Double leg post is required on all buildings 13 ' height and higher.
(when getting a building permit,
engineer drawings or to certify the unit) providing a fork-lift.

IMPE: COLORS MAY VARY
IMPORTANT: inside primer color (undercoat coating) may change from color to color or due to different panel lengths, this will not change the exterior color selected.

Any building higher than $8^{\prime}$ can potentially become unstable (swing) without ground supports. Additional ground supports will help to stabilize your structure. Ground supports are highly recommended by the engineer and the manufacturer.
IMPORTANT:

- An Extra Frame Bow is required for any Frame Opening larger than 4 ft wide and for EACH Roll Up Door or Overhead Door installed on the side of the building.
- All prices in this literature are solely meant for Risk Category I, if a Risk Category II is needed, a $10 \%$ of the Subtotal must be added as an additional cost to achieve this Category.
- INSTALL LEAD TIMES: For customers who are getting a permit (including engineering), getting foundation or groundwork done, the lead time on these cases will start once the permitting and surface is ready.

Things You Should Know
Prices are subject to change
Without Notice Without Notice.
Quality Carports is not Quality Carports is not
responsible for impenetrable
rocky soil (rocky soil anchors rocky soil (rocky soil anchors
available upon request). We highly recommend the vertical roof option on buildings longer than 36,
which is available for an extra which is available for an
cost on a-frame style buildings only.
Return service fee of $\$ 150$ if order is less than \$1,000.
\$250 Return service fee for gable end addition.

If ordering (1) garage door:
bldg. height must be 1 ' taller bldg. height must be 1 ' taller than garage door.
If ordering (2) garage doors on the same end: bldg. height door.

Frame work is 1 ' shorter than the length of the roof (ex. 21' Length becomes 2o' long on frame work).
