Dina Life Antioxidant Sugar

A new healthier alternative sugar suitable for the whole family.

Antioxidants are known to:

- Neutralise free radicals – Protect cells from oxidative stress and damage.
- Reduce inflammation – Help lower chronic inflammation linked to various conditions.
- Support brain function – Protect against oxidative damage that affects cognitive health.
- Boost immune system – Strengthen defence against infections and illnesses.

Incorporating foods rich in antioxidants into your daily diet can contribute to overall wellness and support a balanced lifestyle.

Dina Life Slow Carb Sugar
Flowing Sugar
500g

Dina Life Slow Carb Sugar

- Provides slow energy release which contributes to the good management of blood sugar levels
- Recommended for health conscious and sporty individuals who want sustainable energy and be fuller for longer
- Can also be suitable to diabetics
- It is also good for the whole family and tastes delicious

Health Benefits of slow carb foods

Manages weight by controlling appetite and delaying hunger (fuller for longer)

Contributes to reducing the risk of developing type 2 diabetes and heart disease

Improves Concentration

Fuels the body for longer, sustainable energy release

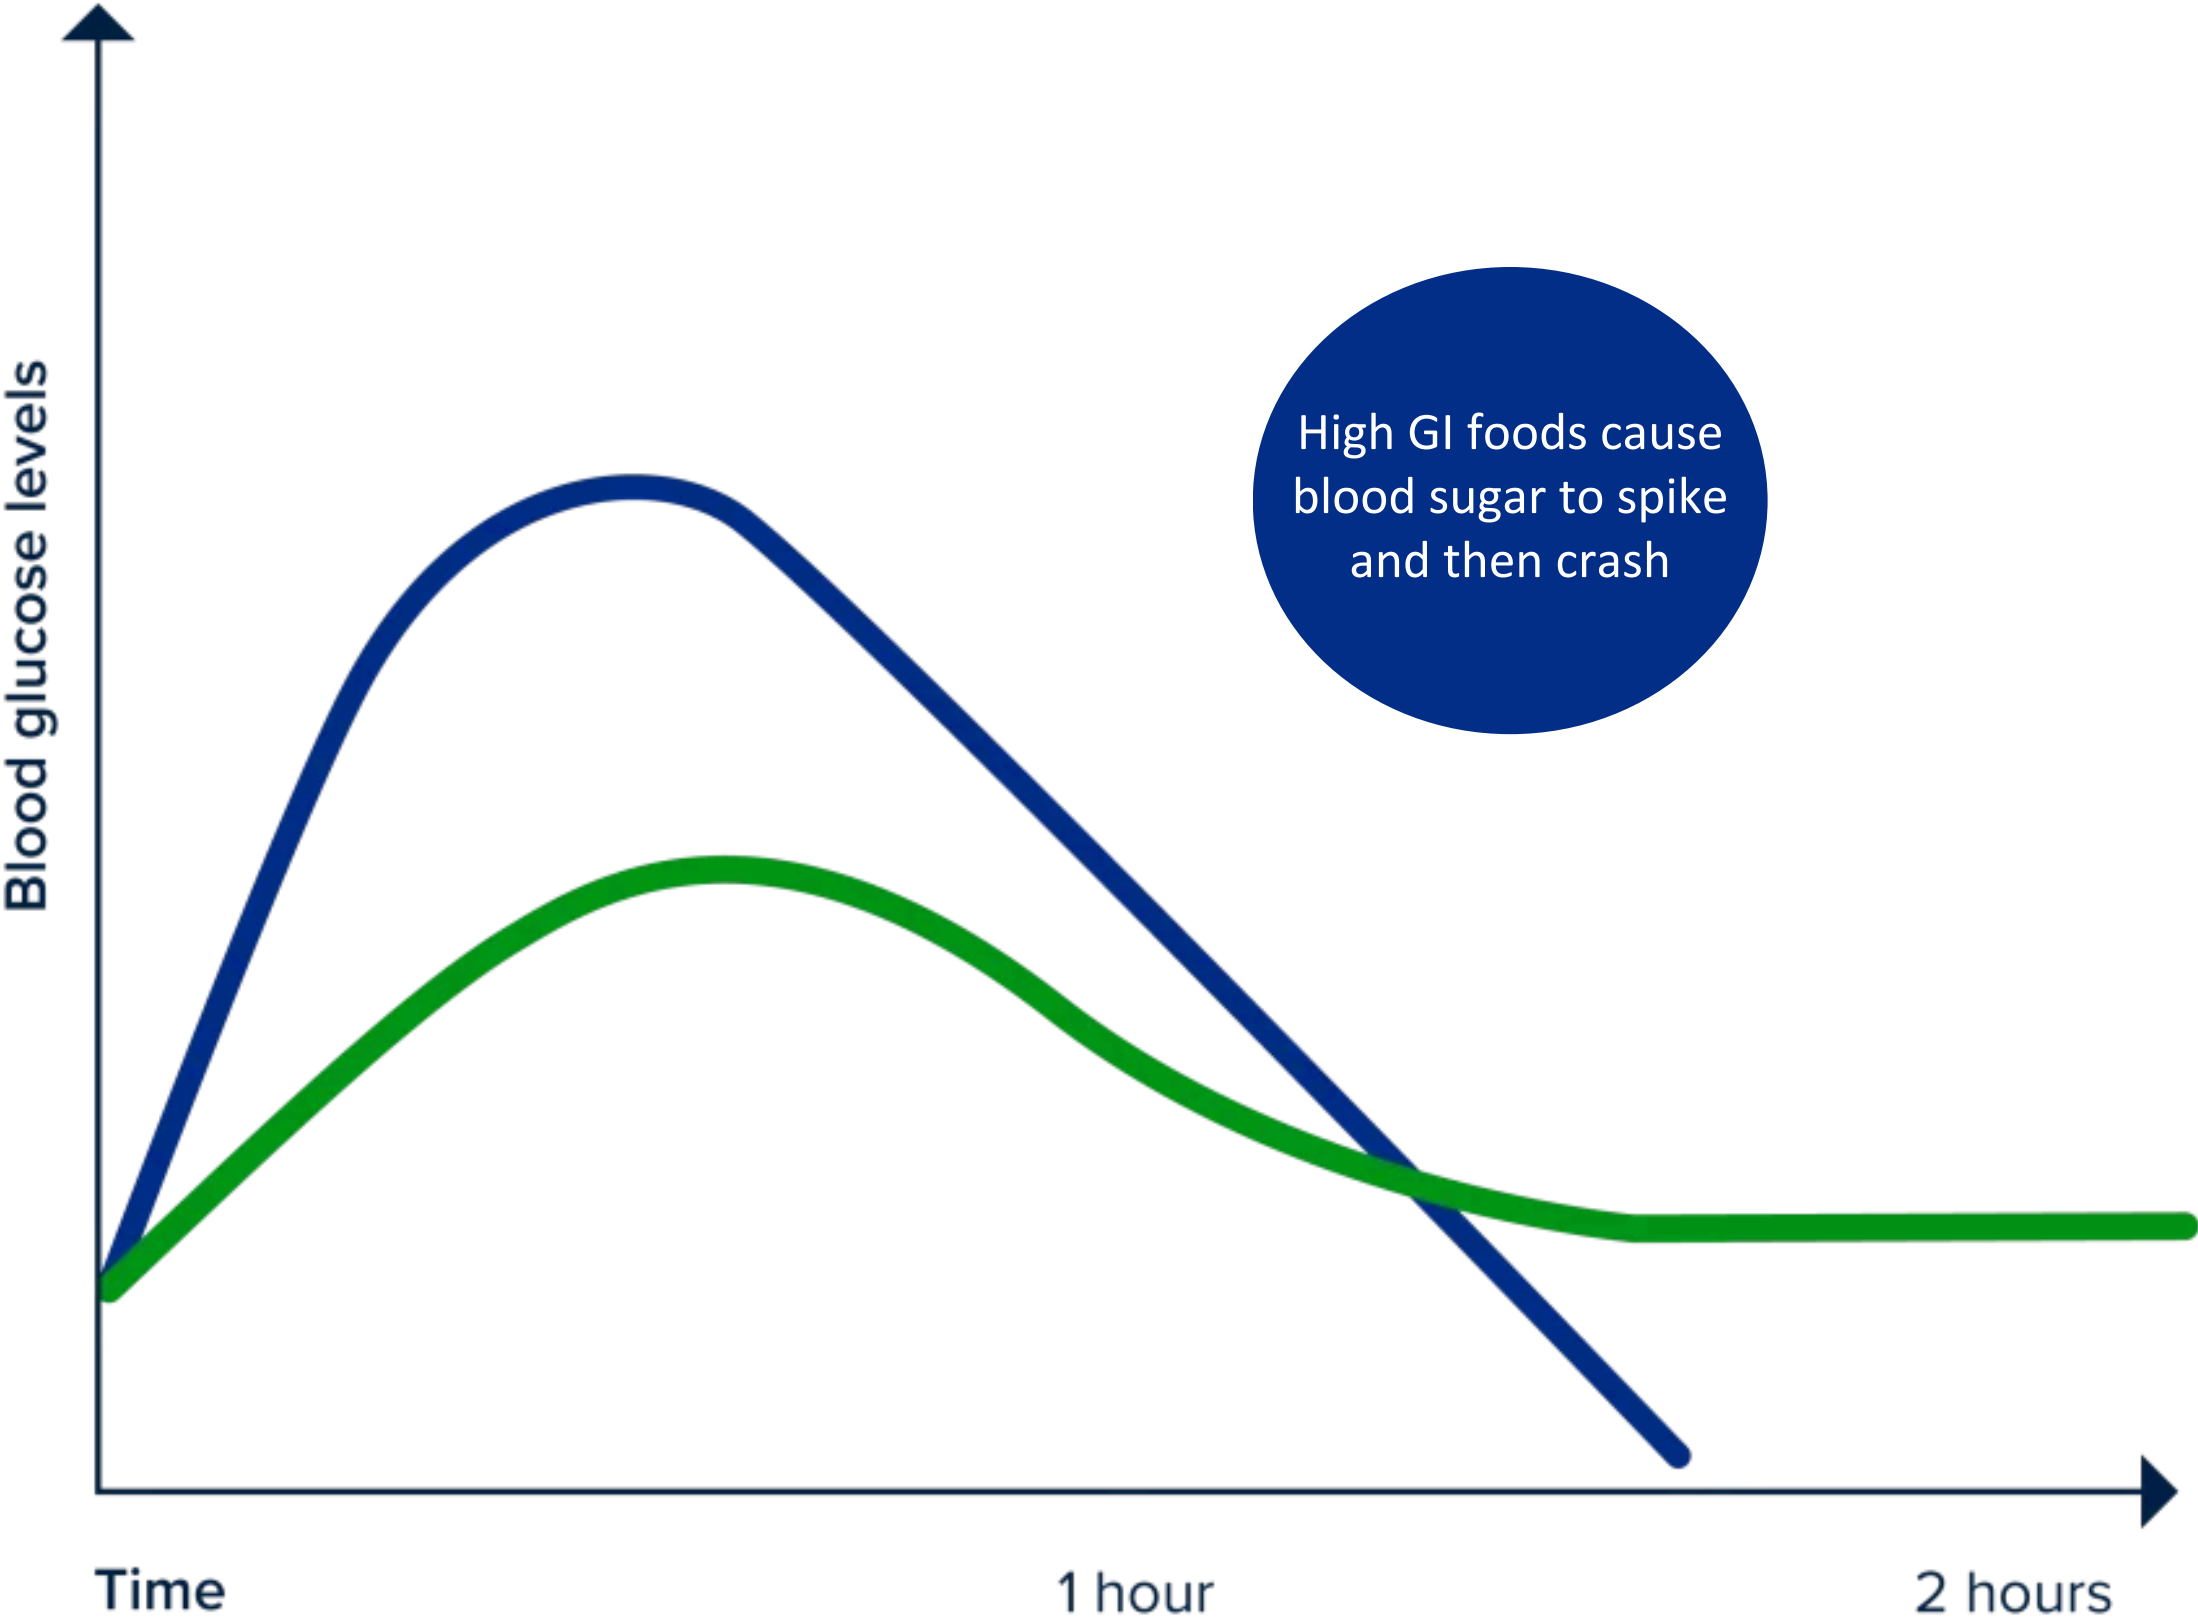

Increases physical performance by extending endurance

Good for the whole family and tastes delicious

Blood glucose levels after eating High GI Foods vs Dina Life Slow Carb Sugar

High GI foods cause blood sugar to spike and then crash

Dina Life Slow Carb Sugar does not cause blood sugar to spike as it is slowly digested and provides sustainable energy

Product Validations

Dina Life Slow Carb Suga has been:

- Independently tested and validated by ***Oxford Brookes University, UK.***
- Endorsed and approved by the ***Gi Foundation, South Africa***
- Both *Dina Life Slow Carb Sugar* and *Dina LifeAntioxidant Sugar* are endorsed by the ***Mauritius Heart Foundation*** which is a non-governmental mauritian organisation which conducts heart tests
- They have also both been certified by the ***European Institute of Antioxidants*** as a PAOT 5-Star product, showing their high antioxidant power
