

MABAS Trailer Hitch Color Code

White 1 7/8

Orange 2

Blue 2 5/16

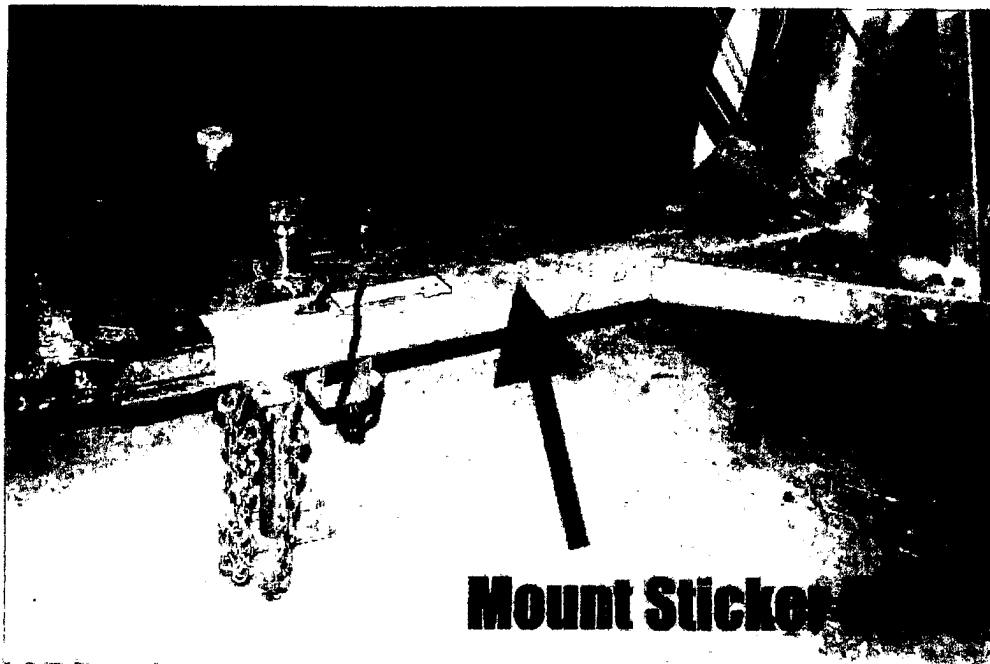

WARNING STICKER MOUNTING GUIDELINES

Please mount the warning sticker on the MABAS Light Trailer that is in your possession.

The sticker is to be mounted on the tongue of the trailer as shown in the photograph.

Be advised that this sticker is being supplied as another method to reinforce the fact that the trailer must be properly attached to the tow vehicle in order to safely tow the trailer.

Please review the Light Trailer Towing Guidelines for further important information.

******* IMPORTANT SAFETY NOTICE*******

THE "Y" SHAPED FORK THAT IS LOCATED IN THE COUPLER MUST BE UNDER THE BALL SO THAT IT WILL HOLD THE BALL WITHOUT COMING OFF. THIS ESTABLISHES A POSITIVE LOCKING SYSTEM FOR THE TRAILER. (BE SURE TO LOOK UNDER THE HITCH COUPLER TO VISUALIZE THAT THE "Y" FORK IS LOCATED UNDER THE BALL AND NOT ON TOP OF THE BALL).
