Patriot of the Year

Another judge is getting some recognition as well. **Michele Reagan** (McDowell Mountain) received the *Patriot of the Year* award from the Unified Arizona Veterans organization.

UAV is made up of more than 50 veteran's groups that serve the half-million veterans and their families who make Arizona their home.

Past Chairman Col. Rob Welch said of Judge

Reagan:

Throughout her entire legislative career, Michele supported our state's veterans and their families through her legislative efforts in their behalf. When she became Secretary of State, Michele worked closely with the UAV in their role as the manager and operator of the Arizona Veterans Hall of Fame (AVHOF). Michele put her heart and soul into this program, attending each year's induction ceremony. Her interaction with the veterans and their families was simply amazing. Her easy, downhome manner made each veteran feel honored and very special. A shining example of her feelings and actions are apparent in the picture appearing with this article. Michele Reagan is truly one of a kind.

Nice work!
