

Dear PALS Course Student:

Welcome to the Pediatric Advanced Life Support (PALS) Provider Course. **(2025)**

When and Where the Class Will Be Held

Time: 08:00 or time set per email.

Location: [416 South Concococheuge Street, Suite 1, Williamsport, MD 21795](#), or your location if pre-arranged.

Please plan to arrive on time, because it will be difficult for late students to catch up once we start. Students are expected to attend and participate in the entire course. Just arrive 10 minutes earlier to sign in so the class can start in a timely manner

What We've Sent You

We have enclosed the agenda and your copy of the *PALS Provider Manual*. Use the following steps to access the Student Resources.

1. Visit elearning.heart.org/courses.

2. go to <https://elearning.heart.org/course/426> (PALS Pre-course Self-Assessment).

3. Once you find your course, select Launch Course to begin.

Note: If you haven't already logged in, the system will ask you to do so. If you haven't visited the site before, you'll be prompted to set up an account.

How to Get Ready

The PALS Course is designed to teach you the lifesaving skills required to be both a team member and a Team Leader in either an in-hospital or out-of-hospital setting. Because the PALS Course covers extensive material in a short time, you will need to prepare for the course beforehand.

Pre-course Requirements

You should prepare for class by doing the following:

1. Review and understand the information in your *PALS Provider Manual*.
2. Review, understand, and pass the mandatory pre-course self-assessment.
3. Review, understand, and complete the mandatory pre-course work (video lessons). You must pass the pre-course self-assessment before gaining access to the video lessons. Once you have passed the PALS Pre-course Self-Assessment and completed the video lessons, print your certificate and bring it with you to class.
4. Ensure that your BLS skills and knowledge are current for the resuscitation scenarios. You will be tested on child and infant high-quality BLS skills using a feedback manikin at the beginning of the PALS Course. You must know this in advance because you will not be taught how to do CPR or use an AED.

What to Bring and What to Wear

Bring your *PALS Provider Manual* to each class. You will need it during each lesson in the course. You may wish to purchase the *2020 Handbook of Emergency Cardiovascular Care for Healthcare Providers* (optional), which you may bring to class to use as a reference guide during some of the stations in the course.

Please wear loose, comfortable clothing to class. You will be practicing skills that require you to work on your hands and knees, and the course requires bending, standing, and lifting. If you have any physical condition that might prevent you from engaging in these activities, please tell an instructor. The instructor may be able to adjust the equipment if you have back, knee, or hip problems.

We look forward to welcoming you on (day and date of class). If you have any questions about the course, please call

Sincerely,

(Robert Scott), Lead Instructor Cell 301-573-2225 Office 301-842-2522
