

EYE TREATMENT AFTERCARE ADVICE

AFTERCARE ADVICE

Please read the advice below relevant to your treatment(s). Please note, however, the advice is not a substitute for the advice of a medical professional, but merely guidance to help you get the best from your treatment(s).

Eyebrow Waxing/Tweezing Aftercare and Tinting aftercare

- Do not have a hot bath/shower or use a sauna, steam room or swimming pool for 24 hours.
- Do not sunbed or use a solarium for 24 hours.
- Avoid wearing tight fitting clothing over the area for 24 hours.
- Do not apply any perfumed or self-tanning products to the waxed or tinted area.

PRETREATMENT ADVICE – BEFORE YOU NEXT APPOINTMENT

- A patch test for waxing and/or tinting can be booked if you are concerned by skin sensitivity.
- You must have a patch test if it has been longer than 3 months since your last treatment or if your medical circumstances have changed.

AFTERCARE ADVICE

Eyelash/Eyebrow Tinting Aftercare

- If any redness or irritation occurs apply a damp cotton wool compress. If this doesn't help seek medical advice.
- Strong UV light can fade the tint quicker.
- Avoid eye make up for 12 hours.
- Avoid touching/rubbing your eyes straight after the tint application.
- Do not have a hot bath/shower or use a sauna, steam room or swimming pool for 24 hours.

PRETREATMENT ADVICE – BEFORE YOUR NEXT APPOINTMENT

- A patch test for tinting procedures is required 48 hours prior to treatment if it has been longer than 3 months since your last treatment or if your medical circumstances have changed.
