

EYEBROW WAXING, THREADING & TINTING AFTERCARE

Thank you for choosing Natural Beauté.

To help achieve the best results and minimise the risk of irritation, please follow the advice below.

Aftercare

For the first 24 hours following your treatment:

- Avoid hot baths, showers, saunas, steam rooms and swimming pools.
- Avoid applying make-up to the treated area where possible.
- Avoid tight-fitting clothing that may rub against the treated area.
- Avoid perfumed products, self-tan products, exfoliants or other potentially irritating products on the treated area.

- Avoid touching the area unnecessarily with unwashed hands.

Important Information

Some redness, tenderness or mild sensitivity may occur following treatment. This is usually temporary and should settle within a few hours.

If you experience excessive swelling, prolonged irritation, blistering, signs of infection, or any unexpected reaction, seek medical advice promptly.

Before Your Next Appointment

A patch test may be required if:

- You have not had this treatment with us before.
- It has been more than 6 months since your last treatment.
- Your medical history, medication, or health circumstances have changed.
