STRUCTURE

Galvanized Steel Frame

Our industrial strength galvanized steel frames are precision engineered for a perfect fit with all components.

GreenGuard Roxul Insulation

Our proprietary insulation technology combines the insulating properties of air chambers with our unique bagged ROXUL insulating panels layered all around the interior of the spa cabinet.

Polyethylene Base

The base of the spa is covered with a polyethylene bottom to protect the inside of the spa from the elements and the cold ground.

Polysteel Cabinetry

Polysteel is a durable and maintenance-free blow-molded cabinet made from high density polyethylene.

Lucite® Acrylic Shell

Lucite® cast acrylic sheet is specially formulated for superior thermoforming and chemical and stain resistance properties. Resistant to everyday wear, UV rays and harsh weather.

MODEL HIGHLIGHTS

Factory Installed Ozonator

Helps Reduce Chemical Use

The ozonator acts as an oxidizer which destroys organics that bacteria feed on in the water. The ozonator can help reduce the amount of chemical you use.

Thermal Cover

Cover Your Spa From Various Climates

The 5" x 3" tapered cover seals snugly to your hot tub and will significantly reduce operating costs and assist in keeping your water chemistry in balance.
