This week travelling to Pulteney was a must win to hold our top position. The first quarter we were kicking into a five goal breeze. Ve'a Ve'a (Jnr) was dominating in the ruck and was giving our mids first use of the pill. Considering the breezy conditions our ball movement was very good from the back and also into our forward line. To start the second in front was a good effort.. Our play mimicked the second but with the breeze behind us goals were flowing. Andy Livvo's judgement, marking and goal kicking was at his best. Tom Sellar wowed

the crowd with a monster long bomb to goal. The third quarter scores were even which was a big win for us. Everyone was doing their job. Wilo was incredible around the ground and in front of goals. Bek Garner and Jack Zes showed there class and used the ball well all day. The last term we kicked five to their two but, probably wound down a bit, but the game was well and truly won. Were in a good position to take on Blackfriars this week at home. Hopefully we can put

This week we were up against Pulteney at Pulteney and I had pitched this to the guys as the most important game of our season so far, last week's loss to Hope valley had put us back with the pack and we had to win this one to stay in the hunt for a double chance. The 1<sup>st</sup> ¼ we played as well as we had all year, we lost the toss and were kicking into a 4 goal breeze so a fast start was important and that is what we got. We controlled the middle of the ground and cut off their attempts to switch the ball around us easily and went in up by 2 goals and

kept them goalless. The 2<sup>nd</sup> term was just as impressive, we had cohesion through the middle and our pressure on the ball carrier was outstanding, Ash Norman was a question mark on Thursday night but the decision to pick him was justified as he was everywhere in the first half and we went into the half time break up by 6 goals. The discussion was around minimising their scoring in the 3<sup>rd</sup> and controlling the tempo for the ¼ unfortunately as per the last 3 weeks the boys did not appear out of the rooms at half time and Pulteney mounted a

huge challenge eventually kicking 6 goals for the term to our 1. The most disappointing thing was that even when we did get the ball in hand in the 3<sup>rd</sup> we did not try to slow the play down and the group fractured a bit under the pressure. This being said we were up by 5 points at ¾ time and had the breeze to come home with which had increased to a 5 goal breeze at least, this did not help as the breeze did not make up for our lack of desire to win the football and we went down by 5 pts. Our opportunity for a double chance at the end of the year is now out of our hands and we will need other results to go our way. Blackfriars this week at home will not be easy for this group!

: Saturday was the 4th and final time we faced Pulteney. In what was once again a very tough lesson to be learnt. The boys were under the pump from the very start. The game become very heated in the second half with a number of Pulteney boys being warned or yellow carded.

The playing group we have are still learning the game, but despite this they stuck to the task and concentrated on playing football. Matching Pulteney in the last qtr.

This really shows the character of the group we have. They just want

to play football & learn to be better. Could not be any more proud of the year so far.

### **The triumph of age and experience:**

A farmer stopped by the local mechanics shop to have his truck fixed. They couldn't do it while he waited, so he said he didn't live far and would just walk home.

On the way home he stopped at the hardware Store and bought a bucket and a gallon of paint. He then stopped by the feed store and picked up a couple of chickens and a goose. However, struggling outside the store he now had a problem - how to carry his entire purchases home. While he was scratching his head he was approached by a little old lady who told him she was lost. She asked, 'Can you tell me how to get to 1603 Mockingbird Lane?'

The farmer said, 'Well, as a matter of fact, my farm is very close to that house I

GAZZA'S GAGS!!,

would walk you there but I can't carry this lot.'

The old lady suggested, 'Why don't you put the can of paint in the bucket. Carry the bucket in one hand, put a chicken under each arm and carry the goose in your other hand?' 'Why thank you very much,' he said and proceeded to walk the old girl home.

On the way he says 'Let's take my short cut and go down this alley. We'll be there in no time. The little old lady looked him over cautiously then said, 'I am a lonely widow without a husband to defend me.. How do I know that when we get in the alley you won't hold me up against the wall, pull up my skirt, and have your way with me?'

The farmer said, 'Holy smokes lady! I'm carrying a bucket, a gallon of paint, two chickens, and a goose. How in the world could I possibly hold you up against the wall and do that?'

The old lady replied, 'Set the goose down, cover him with the bucket, put the paint on top of the bucket, and I'll hold the chickens'.
